1.1.3 As the internal auditor you are not happy with the manner in which cash is being controlled in this business. Identify ONE problem and provide a figure to support your answer.
Give advice on how this problem can be avoided in future.

## INFORMATION:

A. Information from the Bank Reconciliation Statement on 31 January 2020.

| Favourable balance as per Bank Statement | 30000 |  |
| :--- | :--- | ---: |
| Outstanding deposit | Dated 30 January 2020 | 37500 |
| Outstanding cheques: | No.111 ( dated 1 August 2019) | 4700 |
|  | No.267 ( dated 27 January 2020) | 8000 |
|  | No.321 ( dated 15 February 2020) | 13000 |
| Favourable balance as per Bank Account in the ledger |  |  |

B. Provisional totals in the Cash Journals on 29 February 2020:

- CRJ R107 200
- CPJ R121 160
C. A comparison of the February 2020 Bank Statement with the Bank Reconciliation Statement on 31 January 2020 revealed the following:
- Only cheque No. 267 and the deposit of R37 500 appeared on the Bank Statement for February 2020.
- Cheque No. 111 was issued to the MGM Club in payment of the owners membership fees. The club no longer exists.
D. A comparison of the February 2020 Bank Statement with the Cash Journals for February 2020 revealed the following:
- Bank charges of R960 on the Bank Statement were not recorded in the relevant journal.
- A dishonoured cheque for R6 680 appeared on the Bank Statement. This cheque was received from Mkhize, a debtor, in settlement of his account of R7 370.
- Interest of R520 credited on the Bank Statement was not recorded in the Journals.
- Cheque No. 421 issued to a creditor appeared correctly on the Bank Statement as R8 940. This was recorded as R9 840 in the Cash Payment Journal.
- A debit order of R1 200 for the monthly insurance appeared twice on the Bank Statement in error, but no entry has been made in the Journals.

### 1.2 CREDITORS RECONCILIATION

Pinetown Stores buys goods on credit from Kwamashu Suppliers.

## REQUIRED:

1.2.1 Use the table provided to indicate the changes that must be made:

- In the creditor's ledger account of Kwamashu Suppliers in the books of Pinetown Stores.
- In the statement of account.
1.2.2 Explain how the creditor's reconciliation statement can assist the business in terms of their internal control. State TWO points.

## INFORMATION:

A. The account of Kwamashu Suppliers in the Creditors Ledger of Pinetown Stores had a balance of R38 100 on 31 May 2020.
The statement of account received from Kwamashu Suppliers showed a balance of R40 800 on 25 May 2020.
B. An investigation revealed the following errors and omissions:
(i) Invoice 458 for R4 100 appeared only in the Creditors Ledger. It was for goods that Pinetown Stores bought from another supplier, Umlazi Suppliers.
(ii) Invoice 431 for R5 300 was recorded correctly on the statement of account. It appeared as R3 500 in the Creditors Ledger.
(iii) Invoice 463 for R22 000 was erroneously shown by Kwamashu Suppliers in the statement of account. An investigation revealed that it was for goods supplied to another business. Kwamashu Suppliers will rectify this error on the next statement of account.
(iv) Discount of R900 was shown correctly on the statement of account. Pinetown Stores had in error overstated this amount by R400 in the Creditors Ledger.
(v) Merchandise returned by Pinetown Stores, R1 800, was in error recorded as an invoice on the statement of account.
(vi) Merchandise, R21 000, was purchased on credit from Kwamashu Suppliers after the closing date of the statement of account. The entry appeared only in the Creditors Ledger.

## MARKING PRINCIPLES:

1. Penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item. No double penalty applied.
2. Penalties for placement or poor presentation (e.g. details) are applied only if the candidate is earning marks on the figures for that item.
3. Full marks for correct answer. If answer incorrect, mark the workings provided.
4. If a pre-adjustment figure is shown as the final figure, award one mark. Not the method mark for the answer. Note: if figures are stipulated in memo for components of workings, these do not carry the method for final answer.
5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or - sign or bracket is provided, assume that the figure is positive.
6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
7. This memorandum is not for public distribution, as certain items might imply incorrect treatment. The adjustments made are due to nuances in a certain question.
8. Where penalties are applied, the marks for that section of the question cannot be a final negative.
9. Where method marks are awarded for operation, the marker must inspect the reasonableness of the answer before awarding the mark.
10. Operation' means 'Check operation'. 'One part correct' means 'Operation \& one part correct'. Note: check operation must be $+,-, x, \div$, or per candidates operation.
11. In awarding method marks, ensure that candidates do not get full marks for any item that is incorrect, indicate with a $\begin{aligned} & \text {. Note: do not award marks for workings if numerator and denominator are swapped-this also applies }\end{aligned}$ to ratios.
12. Be aware of candidates who provide valid alternatives beyond the marking guideline.
13. Codes: $f=$ foreign item; $p=$ placement.

1.2.2 Explain how the creditor's reconciliation statement can assist the business in terms of their internal control measures. State TWO points.

Any TWO relevant answers $\checkmark \checkmark \quad \checkmark \checkmark$ Part mark for incomplete / unclear reason

- It will assist the business in detecting errors/omissions in their books.
- It will show errors/omissions in the statement received.
- Detect fraudulent activities and take action against it.

## QUESTION 2

2.1.1 $\begin{aligned} & \text { Explain the difference between the perpetual stock system and the }\end{aligned}$ periodic stock system.

Any valid difference with comparison $\checkmark \checkmark$
Part mark incomplete/one- system only explanation

| Perpetual stock system | Periodic stock system |
| :--- | :--- |
| Cost of sales calculated at point of <br> sale. | Cost of sales calculated at end of <br> financial period. |
| Stock value can be determined at any <br> time from records. | Stock value determined / identified by <br> stock count. |
| Cost of sales account used | Purchases account used |
| Stock bought regarded as an asset | Stock bought regarded as an expense |

2.1.2 Calculate the value of the stock on hand on 31 May 2020 using the weighted-average method.

600 \times 170 & =102000 \checkmark \checkmark \\
& =213000 \vee \text { closing stock (FIFO) operation one part correct }
\end{aligned}
$$

Give ONE reason in favour of changing to the FIFO method
Any valid reason $\quad \checkmark \checkmark$ Part mark for incomplete / unclear reason

- Gross profit will be lower because closing stock would be lower.
- Easy to count or identify jackets individually.
- Value of jackets is continuously changing and valued at more recent prices.
Give ONE reason against changing to the FIFO method.
Any valid reason $\quad \checkmark \checkmark$ Part mark for incomplete / unclear reason
- No need to change as profit will be the same in the long-term.
- Unethical to manipulate the profit by changing the method of stock valuation.
- Tax would decreased in first year as result of decreased profit.
- The change would affect comparisons across financial years.
2.2 Identify ONE different problem in relation to each branch. Quote relevant figures to support your answer. In each case, offer Nozipho advice on how to solve the problem.

12200 units $\nabla$ operation one part correct
3.3.2 Explain why the owner should be concerned about the break-even point. Provide TWO points.
Any two valid point $\quad \checkmark \checkmark \quad \checkmark \checkmark$ Part mark for incomplete / unclear point Number of units produced is 12200 same as the break-even point of 12200. Which means the business is making no profit or loss.

Although the number of units produced increased from 11800 to 12200 still no profits were realised because fixed costs also increased.

3.3.3 Provide one reason for the decrease in the Direct Material Cost.

Any valid explanation $\checkmark \checkmark$ Part mark for incomplete / unclear explanation

- There was less wastage of raw material during production.
- More efficiency during the production process.
- Sourcing out cheaper suppliers.
- Buying in bulk to negotiate discounts.

### 4.2.1 Explain how the Fixed Assets Register will assist you in your duties as internal auditor. Provide ONE point.

Any valid point
Part mark for incomplete / unclear point

- Physical count should agree with register.
- The internal audit has to verify the physical presence of items listed in the fixed assets register.
- The internal auditor will be able to follow the lifespan of the item of fixed asset and make recommendations for timeous replacements.
- Calculations of depreciation amounts can be checked.

### 4.2.2 The stock of trolleys and baskets is classified as a fixed asset. Give ONE suitable reason for this.

Any valid point $\checkmark \checkmark \quad$ Part mark for incomplete / unclear point

- A trolley/basket is expected to have a lifespan of more than twelve months
- The trolleys/basket are not part of trading stock

### 4.2.3
