1.1. About the CAO

The Central Applications Office (CAO) is a registered NON-PROFIT COMPANY (Reg.No.2007/002819/08) that is the only organisation authorised to recruit and process applications for admissions to the Durban University of Technology (DUT), Mangosuthu University of Technology (MUT), University of KwaZulu-Natal (UKZN), University of Zululand (UNIZULU) and most private colleges in KwaZulu-Natal. Our participating institutions offer **over 1 000** programmes, and with just ONE APPLICATION, you can apply for up to six programmes at any of our partner institutions. You do not have to complete a separate application for each institution. You do not have to pay a separate administration fee to each institution. You only have to pay **ONE ADMINISTRATION FEE and your applications will be processed and made available to all six institutions to which you applied.** When you want to update or change your application to any of the institutions in this Handbook, there is one office to contact.

Discussion and planning for the CAO was initiated in 1993 by the post-school institutions in KwaZulu-Natal. They were: University of Natal (Durban); University of Natal (Pmb); Mangosuthu Technikon; ML Sultan

Technikon; Natal Technikon; University of Durban-Westville; University of South Africa (UNISA); and University of Zululand.

After a number of years of planning, the CAO officially started processing applications in June 1998 for admission in 1999 with a loan of R5m from First National Bank with surety provided by the initial institutions. The first full-scale operation was launched in 1999 for the 2000 student intake.

The primary goals of the CAO were stated as follows, and are still maintained today:

Student-oriented goals

- To increase the accessibility of tertiary institutions to prospective students
- To reduce the cost of applications by prospective students

Institution-oriented goals

- To effect cost savings to the participating institutions
- To effect increased efficiency for institutions in their student selection process

Universities (4)

Durban University of Technology (DUT); Mangosuthu University of Technology (MUT); University of KwaZulu-Natal (UKZN); University of Zululand (UNIZULU)

Private Colleges (15)

AAA School of Advertising; Berea College of Technology; Berea Technical College; CTU Training Solutions; Central Technical College; Stadio (Embury); ICESA Education; IStudent; MANCOSA; Management and Leadership Academy; PAX College; Eduvos; Regent Business School; Richfield Graduate Institute of Technology; Varsity College – Business School

<https://twitter.com/UNIZULUongoye>

For over six decades, the University of Zululand has, through its exceptional education, been the launch pad for many of its graduates who now occupy influential positions in the political, business and legal sectors. It also prepared them to reach their aspirations and dream careers. Prospective students can choose from a variety of programmes in our faculties of Science and Agriculture, Commerce, Administration and Law, Education and Arts.

Admissions : KwaDlangezwa Campus: 035 902 6030/6051 | Student Housing: 035 902 6179
: Richards Bay Campus: 035 902 6923/6030 | Financial Aid Bureau: 035 902 6309

**UNIVERSITY OF
ZULULAND**

1.3. Directions to CAO

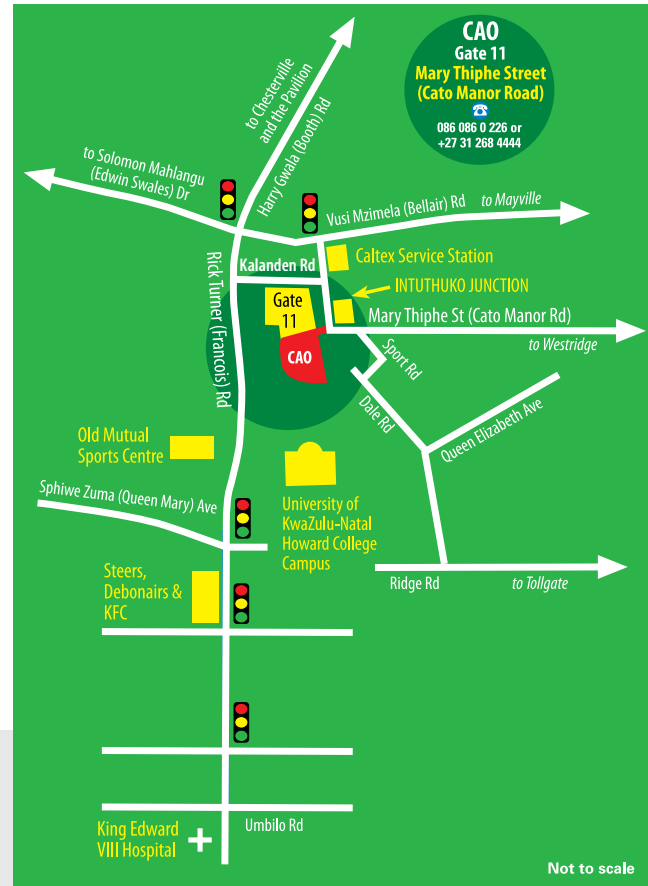

From King Edward VIII Hospital:

- Continue up Rick Turner Road towards UKZN, past Debonairs and Steers and the University sports fields.
- As you go down the hill, pass Gates 7, 8, 9 and 10.
- Take the first right turn into Kalanden Road.
- Turn right again into Mary Thiphe Street.
- Turn right at Gate 11.

If using public transport:

- Go to the Phoenix taxi rank under the bridge at the Warwick Market.
- Ask for Mayville Taxis.
- Once you are in a Mayville taxi, ask the driver to drop you off at the CAO.

DISCLAIMER: Due to the COVID-19 pandemic the CAO is not open for face-to-face engagements until further notice. Please check our website www.cao.ac.za for updates.

1.4. Important Notice and Terms and Conditions

1. Definitions and interpretation

1.1 The following expressions have the following meanings:

- 1.1.1 'Administration Fee' means such reasonable fees as CAO may specify from time to time for specified administration or account activity.
- 1.1.2 'CAO Handbook' means the current year's handbook as updated and reissued by CAO each year and/or otherwise published on the CAO website or mobile app.
- 1.1.3 'Programme' means an undergraduate programme of study offered to applicants through the application services provided by CAO.
- 1.1.4 'Application' means any submission for one or more Programmes made by an applicant through CAO, including the supporting information used by the institutions to make their selection decisions.
- 1.1.5 'Applicant' means a person who has submitted a completed application.
- 1.1.6 'Applicant Data' means all data and information relating to an applicant, including their personal data.
- 1.1.7 'Personal Data' shall have the same meaning as in the The Protection of Personal Information Act 4 of 2013 (POPIA).
- 1.1.8 'Supporting Documents' means various documents required by individual institutions to make selection decisions.
 - (a) Current Grade 12s: ID, Final Grade 11 Progress Report, (when applying), PLUS Grade 12 June and Grade 12 Trial results as soon as they become available.
 - (b) Applicants who have already passed Grade 12 and have not studied at another institution: ID.

- (c) Applicants who have already passed Grade 12 and have studied at another institution: ID, full academic record.
- (d) Applicants who wish to study at a TVET college or private college offering FET programmes: ID, copy of highest qualification achieved.
- (e) If you have upgraded one or more of your subjects, send us a certified copy of your combined statement/certificate of results.
- (f) **Please note:** Some institutions may request additional documents.
- (g) If you have already written the Final Grade 12 NSC examinations, your results will be downloaded directly from the Department of Basic Education database. This applies for public schools, Independent Examinations Board (IEB) and South African Comprehensive Assessment Institute (SACAI) examinations, i.e. certified by UMALUSI.
- (h) If you don't have a copy of your ID, you must provide your ID number and submit a certified copy of your ID as soon as you receive it.

- 1.1.9 'Intellectual Property Rights' means all patents, copyright and related rights, trademarks, trade, business and domain names, goodwill or actionable claims for passing off designs, database rights, confidential information (including know-how and trade secrets) and any other intellectual property rights, in each case whether registered or unregistered and including all applications for and renewals or extensions of such rights, and all similar or equivalent rights or forms of protection in any part of the world.

2. You are encouraged to apply online at www.cao.ac.za or via the mobile app as your application is immediately available to the institution/s to which you have applied if you apply and pay the administration fee online.
 - 2.1 If you apply online or via the mobile app and then pay via EasyPay, your application is available to the institution/s as soon as we receive your administration fee payment, which is generally the day following your payment.
 - 2.2 If you apply by submitting a hard copy application form and you pay the administration fee, your application takes at least two weeks after we receive your application form and payment before it is available to the institution/s to which you have applied. We have no control over how long the Post Office takes to deliver your completed application form to us.
3. Complete and submit your application to us as soon as possible. Preferably online using our website (www.cao.ac.za) or our mobile app.
4. We process applications for our member institutions from 1 March for the following year's January (First Semester) intake. We process applications for member universities that have a Second Semester intake from August for the following year's July (Second Semester) intake.
5. In addition to semester programmes, TVET colleges also offer trimester programmes. Applications for these will be received at various points in the year. See the CAO website for details, call us for more information, or call the TVET college directly.
6. All supporting documents must be uploaded on our website (www.cao.ac.za). Documents uploaded onto our website are immediately available to the institutions to which you have applied. No hard copies of documents are accepted.
 - 6.1 Ensure that documents are clear and legible. Illegible documents could delay or jeopardise the selection process at institutions.
7. Institutions inform us that the earlier in the year you apply, the earlier you are considered for a place.
8. Make sure that the ID number and Full Name and Surname you use when you apply through the CAO are exactly the same as the one you use when you register for your Final Grade 12 Examination with the Department of Basic Education (DBE). If it differs, we will not be able to download your final examination results from the DBE database and match them to your application information at the institution to which you have applied.
9. An application is considered to be valid only once the full application (online or mobile app or hard copy), including the programme choices, signed Declaration and Informed Consent as well as the full administration fee has been received by the CAO. Only then will it be processed and made available to institutions.
10. The official Received Date for the application will be the date on which the completed/valid application – with programme choices, full payment, declaration and informed consent has been received. Applicant and application information will be available to institutions only once these terms and conditions have been met.
11. Administration and Change of Mind (COM) fees are not refundable.
12. Please provide the correct email and cell phone number as all messages are sent to you via SMS and/or email while all letters are sent to you via email.
13. Without a valid cell phone number you will not receive any messages from the CAO or institutions to which you have applied. Without a valid email address you may miss requests or offers made by the institution/s to which you applied.
14. The cell phone and email details we use are those on your original application or that you have conveyed to us via email AFTER you have applied and have changed either or both of them. See Electronic Communications and Transactions Act, 2002 on www.gov.za regarding emailed documents.

1.4. IMPORTANT NOTICE AND TERMS AND CONDITIONS

15. Within four weeks after CAO receives your valid application, we will send you an Acknowledgement Letter by email in which the CAO acknowledges that we have received and processed your application.
16. The Acknowledgement Letter will have all the details you have provided on your application. Applicants are fully responsible for checking their acknowledgement letters and informing the CAO of any errors, omissions or changes so that it may be corrected.
17. If you do not inform us of errors, omissions or changes within one week after we have sent you an Acknowledgement Letter, the CAO shall accept that all the information in an Acknowledgement Letter is correct and as complete as you want it to be.
18. If you have not received an Acknowledgement Letter by the end of four weeks after you have applied, please enquire if the CAO has received your application. (See page 3 for contact details).
19. We provide your information to institutions electronically. The institutions have full and final responsibility for selection and admission decisions, not the CAO.
20. Institutions will contact you directly with their selection decision. Sometimes institutions request that the CAO also convey a selection decision to an applicant, but the communication received directly from the institution must be regarded as the official notification.
21. Institutions start making offers early in the year preceding the year of entry. It is in your best interest to submit your valid application as early as possible. The following year's January applications open on 1 March of the year preceding the entry year.
22. Subject to item 20 above, we will send you an SMS or a letter to inform you of any offers that you have been extended by an institution to which you have applied. Try your best to have an email address to which we can send offer letters as institutions often have a cut-off date for your response. If the acceptance of the offer is not received by the institution within the stipulated cut-off period, the institution reserves the right to withdraw the offer.
23. Offers to study may be withdrawn if:
 - 23.1 You don't – within the period stipulated by the institution – tell the institution you want to accept the offer
 - 23.2 The conditions of the offer are not met
 - 23.3 The institution discovers that you have provided false information in your application, e.g. you have not declared that you have previously studied at that or another institution
24. You will only receive either an email or SMS to inform you that you have been unsuccessful for any of the programme choices you applied for.
25. Applicants should apply and pay on or before the published closing dates. Applicants may still apply after the programme closing date, but applications received after these dates will be considered as Late Applications and each institution has its own rules and procedures on how they deal with applications received after the programme closing date, e.g. your application may only be considered after all 'on-time' applications have been considered and only if places are still available. Even though your application is received after the programme closing date and is considered as being 'late', you still only pay the 'on-time' advertised administration fee until 31 Oct for 1st semester and 31 May for 2nd semester.
26. Applications and/or administration fee for programmes that have reached or passed the advertised programme closing date and are advertised with the note 'No Applications will be considered if received after the closing date' or receive the 'Applications Closed' status will not be considered by that institution.
27. Unlike programmes, which may all have different programme closing dates, there is ONE date on which the LATE ADMINISTRATION FEE takes effect, i.e. 1 November for first semester programmes and 1 June for second semester programmes.
28. If, after you have applied, you want to change your programme choices, or rearrange the order of your choices, you should do so online on our website (www.cao.ac.za) and click on the 'Change of Mind' icon.

29. A 'Change of Mind' is automatically processed immediately once the request and administration fee is received. See fee structure on page 24.
30. Any number of programme changes/additions (up to six programmes) in the same Change of Mind Request is considered as one for payment purposes.
31. If you submit qualification/programme changes/additions in more than one Change of Mind Request and/or at different times, each Change of Mind Request submission will be regarded as a separate request and an administration fee must be paid for each submission, not for each qualification/programme change.
32. Payment/s for multiple COM Request submissions will be allocated and processed strictly in the sequence that the COM Request was received by CAO.
33. If you have applied to study in Jan/Feb but did not register, you have an opportunity to [extend your application](#) to the next available entry term or year. This request, together with the COM administration fee, must reach the CAO by 30 April 2021. If you miss the deadline you will have to make a new application and pay the full administration fee.
34. Every attempt has been made to ensure that the information in the annually published Handbook is accurate and up to date at the time of going to print. However, institutions continually update their programmes and entry requirements.
35. During the course of the year, institutions may make new programmes available that were not finalised in time to be included in this Handbook – check our website www.cao.ac.za, mobile app, Facebook page or contact our Call Centre on 031 268 4444 or 0860 860 226 for updates.
36. An entry in this Handbook/website/mobile app does not oblige the institution to offer the programme as institutions continually assess their programmes and may decide to discontinue programmes and/or change the minimum entrance requirements during an application cycle. If an institution discontinues a programme that is published in this Handbook/website/mobile app, the applicant may change such a programme at no cost.
37. Specified entry requirements are guidelines used by institutions and each institution sets its own minimum entry requirements for each programme.
38. Entry requirements published in the Handbook/website/mobile app are MINIMUM requirements for your application to be considered, and in most cases, the number of applications for a qualification/programme far exceeds the number of places that an institution has available for the qualification/programme. Therefore, while you may meet the published minimum entry requirements, it does not guarantee acceptance.
39. All payments to the CAO is done through EasyPay or online at www.cao.ac.za. Click on 'My Application' and follow the instructions. Card payments can also be made at the CAO's office. The CAO office does not accept cash. See fee structure on page 24.
40. CAO, its administration departments, staff or any affiliated persons who provide information to the institutions, public and or prospective students, provides such information, whether written or oral, in good faith. In the event that the public and/or prospective students act upon such information to their detriment, CAO shall not be liable for any loss, harm or damage (direct, consequential or special), or expense of any nature whatsoever, which may be suffered as a result of reliance on such information, the interpretation thereof or any references made thereto. CAO, to the best of its ability, attempt to ensure that the information provided is both true and correct, free from error, omission or misrepresentation, however, it does not warrant the aforesaid expressly or impliedly.
41. The CAO reserves the right to vary, update or replace these Terms of Service as it continuously enhances and evolves its services.

2.1. Your Study Options

Due to COVID-19 and its variants, almost all post-school institutions have introduced a hybrid or blended tuition model in place of the purely face-to-face on-campus model. This appears to be the trend for the future. The model in the table may undergo dramatic changes at some institutions.

INSTITUTION		FULL-TIME STUDY	PART-TIME STUDY	DISTANCE LEARNING
		Students are on campus for most of the year. Lectures and tests take place during the day.	Students are on campus only during evenings or one day a week for lectures and tests.	Students work at their own pace using study material at home. They write assignments, which they submit to institutions by post or email. Often tutors are available to offer assistance by phone or online, as well as at occasional on-campus lectures/tutorials.

Finding Available Programmes

A list of all programmes on offer is available on our website at www.cao.ac.za, on our mobile app, and in this Handbook starting on page 36.

The application material are available from all high, secondary and combined schools as well as from our partner institutions listed in this Handbook. *Application material can also be collected at the offices of the CAO at Gate 11, UKZN, Mary Thiphe Street, Cato Manor and from all Education District Offices or by contacting the CAO on 031 268 4444 or share call 0860 860 CAO/0860 860 226. **Please note that even though Application Forms are still available it is in your interest to apply online. See page 7 clause 2 and pages 18-20 for the reasons.**

Kinds of Programmes related to Careers

All programmes available for July 2021 and January 2022 entry are available on our website www.cao.ac.za and our mobile app. The list of all programmes available for the 2021 (Second Semester starting in July 2021) and for 2022 (First Semester starting in January 2022) are also listed in this Handbook from page 36 to 192. The programmes listed are for access to mainstream study as well as to access programmes for alternative admission.

Alternative Access (also called Access Routes)

An access route is an alternative study route that may lead to your original mainstream programme of study. Access Route Programmes (see page 188) are spread over a longer period than normal and are provided to help applicants who may not meet the entry requirements for specific

degrees and diplomas. Some programmes don't have access routes but offer three- and four-year options based on the applicant's results in the NSC and in selection tests. These programmes are indicated by '3/4 yrs' in the Programme Choice List under 'duration'.

Second Chance Application (Change of Mind Application)

If after applying you are unsuccessful with any of your programme choices, you may complete and submit a 'Change of Mind' (COM). This must be done online. These COMS are immediately available to the institution/s to which you have applied when received with the COM administration fee. COMS completed online and paid via EasyPay are processed the day after receipt of the COM administration fee.

In the post-school sector, the study intake is divided into study blocks that are indicated in the programme list under 'Entry Term'. Universities and universities of technology generally have study intakes in the First Semester (Jan/Feb) and some universities may have a Second Semester (July) intake for some programmes. TVET colleges also have trimester intakes for Nated ('N') programmes and skills programmes.

Extending your Application to the Following Year

If you have applied to study in 2021 but have not been successful or, for some reason have not registered, you may extend your 2021 application for admission into 2022, provided you complete a COM Request online. To be valid, this extension, which is completed as a COM, must reach us by end April 2021 together with the relevant COM administration fee. If you miss this date, you will have to make a new application and pay the full administration fee.

*** DISCLAIMER:** Due to the COVID-19 pandemic the CAO is not open for face-to-face engagements until further notice. Please check our website www.cao.ac.za for updates.

3.1. Ways of Applying

THERE ARE THREE BASIC WAYS THAT YOU MAY APPLY

1) Online on our website: www.cao.ac.za

2) On our mobile app

3) By completing a hard copy application form

3.2. How to Apply

1. The preferred way to apply is online at www.cao.ac.za

WHEN APPLYING ONLINE

- 1.1 At the same time that you apply, you may pay the administration fee online, and you may upload your supporting documents, eg. ID, school results, etc.
- 1.2 On receipt of your application and administration fee your application is immediately available to the institution/s to which you have applied
- 1.3 You will receive your Acknowledgement Letter within 24 hours

OR

- 1.4 At the same time that you apply you may upload your supporting documents, e.g. ID, school results, etc. you may choose not to pay the administration fee online
- 1.5 You can choose to pay the administration fee via EasyPay
- 1.6 Your application is available to the institution/s to which you have applied as soon as confirmation of your payment is received, which is the day after you have paid the administration fee at the EasyPay outlet
- 1.7 You will receive your Acknowledgement Letter within 24 hours after confirmation of payment is received

[TO COMPLETE YOUR ONLINE APPLICATION]

- 1.1 Go to our website: www.cao.ac.za and click on 'Apply'
- 1.2 Read the information and click on 'Continue with Application'
- 1.3 Enter your ID number and click on 'Submit'
- 1.4 Scroll to the bottom of the page and click on 'Continue with Application'
- 1.5 Start to enter ALL the details requested. Once you have entered all the requested information, click on 'Next'

- 1.6 Click on 'Continue with Online Application'
- 1.7 A pop-up window will appear with your CAO number, password and EasyPay number. Read the instructions. The same information will also be sent to the email address you provided. This information is important in case you want to access your information at a later date.

PLEASE NOTE: YOU HAVE NOT YET COMPLETED YOUR APPLICATION

- 1.8 Click on 'Continue with Online Application'.
- 1.9 Follow the instructions and complete ALL the information requested, then click 'Next'.
- 1.10 Complete the 'Next of Kin' details and click 'Next'.
- 1.11 Insert the school name and click on 'Search'. The school name will appear in a box and you must enter the year you attended that school and the year you finished attending that school.
- 1.12 Click 'Next'.
- 1.13 When you reach 'Process My Application', click on the button.

YOUR APPLICATION HAS NOW BEEN SUBMITTED

- 1.14 The message on your screen will display that your submission has been successful.
- 1.15 You can now pay online and/or upload your supporting documents.
- 1.16 Pay via EasyPay. See page 24 on 'Ways to Pay the Administration Fee'.

2. Apply using the Mobile App

You first have to download the mobile app. There are two ways to download the 'Central Applications Office' app, which is available for Android or Apple devices.

2.1 Via the CAO website

The app is available on the following stores:

- 2.1.1 Open a browser on your device and go to the Central Applications Office website www.cao.ac.za
- 2.1.2 Look for the icon for your device and click on it to take you to the store where you can install it.

2.2 Download the App via the App Stores

The app is available in the following stores:

- 2.2.1 Go to your store and search for 'Central Applications Office'.
- 2.2.2 Install the app with the following icon.

3.2. HOW TO APPLY

2.2.3 Even when applying via the app you will have to upload your supporting documents online at our website: www.cao.ac.za

2.2.4 See payment options at 'Online Applications' on page 25.

UPLOAD MY DOCUMENTS

3. Complete a Hard-copy Application Form

This is the least efficient option

- 3.1 Handbooks and Application Forms are posted to your school. Find out from your principal and LO teacher. This application material should have reached your school by the end of April.
- 3.2 Handbooks and Application Forms are also available from the four universities in KZN and from the DBE District Offices.
- 3.3 Some Libraries also have the Handbooks and Application Forms.
- 3.4 You may also request an application form by:
 - 3.4.1 Contacting the CAO Call Centre at 031 268 4444 or 086 086 0226

3.4.2 Sending an email to formrequestcao@cao.ac.za

3.4.3 Visiting the CAO office at Gate 11, Mary Thiphe Street, Cato Manor

3.5 Send completed hard-copy Application Forms to us by:

3.5.1 Emailing it to: formsreceivedcao@cao.ac.za

3.5.2 Posting it to Private Bag X06, Dalbridge, 4014

3.5.3 Hand delivering it to: CAO, Gate 11, Mary Thiphe Street (previously Cato Manor Road), Durban (Office Hours: 08:00-16:30 Monday to Friday).

If you apply by completing a hard-copy Application Form, your application takes at least two to three weeks to process after we receive your completed Application Form and administration fee. Only then the institutions to which you have applied will have access to it. We also have no control over how long the Post Office takes to deliver your completed Application Form to us.

Applications for 2022 entry open on 1 April 2021! Don't delay – apply as soon as possible after 1 April. The sooner you apply, the sooner your application will be considered.

IMPORTANT: The Closing Date for a programme is the final date for your application and administration fee of R250.00 to reach us and for it to be considered as being 'on-time'. Applications received and/or administration fees received after the programme closing date are regarded as being late and may only be considered after all 'on-time' applications have been assessed.

Applications and/or administration fees received from 1 November 2021 incur the late fee cost of R470.00.

RICHFIELD

richfield.ac.za

Richfield Graduate Institute of Technology (Pty) Ltd. is registered with the Department of Higher Education & Training as a Private Higher Education Institution under the Higher Education Act, 1997, Registration Certificate No. 2006/FE07/008 & as a Private Education College under the Continuing Education & Training Act, 2006 (Act No. 16 of 2006), Registration Certificate No. 2008/FE07/050.

3.3. How to Submit your Supporting Documents

IMPORTANT NOTICE: All supporting documents **MUST BE UPLOADED** on the CAO website, even if you submit a hard-copy application or apply using the mobile app.

1. In order to login to upload your documents, you must have the following:

- 1.1 Your CAO or ID number AND
- 1.2 Cell phone (with cell number entered on your application)
- 1.3 Access to your email (which was entered on your application)

AND YOU MUST HAVE YOUR DOCUMENTS SAVED IN A FILE ON YOUR COMPUTER OR ON A MEMORY STICK/FLASH DRIVE

2. Minimum documents required on application

- 2.1 Copy of ID AND
- 2.2 Final Grade 11 Report (if you are in Grade 12) OR
- 2.3 Highest qualification achieved

3. Further documents

- 3.1 June Grade 12 Report (as soon as you receive it if you are currently in Grade 12)
- 3.2 September/Trials Grade 12 Report (as soon as you receive it if you are currently in Grade 12)
- 3.3 Any other document requested by the institution, eg. Academic Record, etc.

4. Uploading documents on the CAO website

- 4.1 Go to the Central Applications Office website, www.cao.ac.za
- 4.2 Click on the 'Upload My Documents' icon on the Home Page.
- 4.3 Read the instructions to know what you need 'in order to login to upload your documents'.
- 4.4 Once logged in, follow the steps provided to upload your documents and enter your related examination results, where required.
- 4.5 Review and make sure that you have uploaded the correct documents and entered the correct results, where required.
- 4.6 Once you are ready to submit, click the 'Submit My Documents' icon.

**Submit
My Documents**

PS.: Ensure that the correct document type is selected when your documents are uploaded. If you upload any documents using the incorrect document type, the document will reflect on our system as 'not received/outstanding' and may result in your application being rejected.

Damelin (Pty) Ltd is registered with the Department of Higher Education and Training as a Private Higher Education Institution under the Higher Education Act No. 101 of 1997 and its higher education programmes are accredited by the Council on Higher Education (CHE), Registration Number: 2001/HE07/006. Damelin (Pty) Ltd is provisionally registered with the Department of Higher Education and Training as a Private College under the Continuing Education and Training Act No. 58 of 2008, Registration Number: 2008/TE07/069. Damelin (Pty) Ltd is provisionally accredited by Umsida, the Quality Council for General and Further Education and Training. Damelin (Pty) Ltd is further accredited by the Quality Council for Trades and Occupations (QCTO).

3.4. Ways to Pay the Administration Fee

Your single administration fee allows you to apply for a combination of up to six programmes at any of our member and partner institutions in KZN. (See page 33 for a list of our member and partner institutions).

Administration fees are non-refundable. Institutions to which you apply are only able to view and consider your application on receipt of a completed application and the relevant administration fee. Administration fees for discontinued programme choices are not refundable, but you are allowed to change that choice at no cost to you. Costs incurred if your cheque or credit card is not honoured by the bank will be passed on to the applicant.

Make sure your administration fee is paid in full on or before the published closing dates of the programme/s you have to applied for. If payment is received after the date on which we receive your application, the payment date will be treated as the received date of your application. Institutions have different closing dates for their programmes. If programmes have closed by the time we receive your payment, your application for these programmes will be regarded as late and may

be considered after all on-time applications have been considered and space is still available. **PLEASE NOTE:** If you apply for Health Science programmes at UKZN and pay after the programme closing date, the status of these programmes will be 'Applications Closed', which means that they will not be considered.

If payment is received after 31 May (for July intake of that year) or after 31 October (for following year's January intake), you will be liable to pay the late administration fee, as indicated in the table below.

To contact us about payment queries or to send proof of payment when requested, email paymentscao@cao.ac.za. International applicants should ensure that the amount paid covers bank charges. International cheques are acceptable only if drawn on a South African clearing bank and is cleared by the bank. International postal orders are not accepted. Applicants with refugee or asylum seeker status recognised by the Department of Home Affairs pay the fee for South African citizens. Non-SA citizens must pay the international fee.

ADMINISTRATION FEE	To Start Studies in January 2022			To Start Studies in July 2021			To Start Studies in July 2022		
	Date	SA Citizens	International Applicants	Date	SA Citizens	International Applicants	Date	SA Citizens	International Applicants
If Administration Fee reaches us on or before	31 Oct 2021	R250.00	R300.00	31 May 2021	R250.00	R 300.00	31 May 2022	R250.00	R300.00
If Administration Fee reaches us on or after	01 Nov 2021	R470.00	R580.00	01 Jun 2021	R470.00	R 580.00	01 Jun 2022	R470.00	R580.00

Any request to add, change or renumber Programme Choices will incur a 'Change of Mind' administration fee of R140.00

WAYS TO PAY THE ADMINISTRATION FEE:**Application Administration Fee and Change of Mind (COM) Administration Fee**

There are two ways to pay both administration fees: Online OR EasyPay

1. You may pay the administration fee ONLINE at www.cao.ac.za by credit card:
 - 1.1 You may pay the application administration fee online at the same time as when you apply. After you click 'Process my Application' a message will appear telling you how you may pay the application administration fee.
 - 1.2 If you applied online or via the APP and wish to pay at a later date:
 - (a) Go to www.cao.ac.za
 - (b) Click on 'My Application'
 - (c) Enter your CAO or ID Number and click 'Submit'
 - (d) Click on 'Pay Now by Credit Card'
 - 1.3 If you have submitted a hard copy form:
 - (a) Go to www.cao.ac.za
 - (b) Click on 'My Application'
 - (c) Enter the CAO number that is on the application form you have and/or will submit and click 'Submit'
 - (d) Click on 'Make a Payment'
2. You may pay the administration fee at any EasyPay outlet, e.g. Shoprite, Checkers, Pick 'n Pay, Boxer Superstores, Woolworths, etc. (Please use your unique EasyPay number as the reference when making payment).
3. If your COM submission was done online:
 - 3.1 You may pay the COM administration fee online at the same time as when you submit the COM. After you click 'Process my Change of Mind', a message will appear telling you how you may pay the administration fee.
 - 3.2 If you pay the COM Administration fee AFTER you have submitted your COM online, you may pay the COM administration fee at any EasyPay outlet, e.g. Shoprite, Checkers, Pick 'n Pay, Boxer Superstores, Woolworths, etc. (Please use your same unique EasyPay number on your original application as the reference when making payment).
4. Both the **Application Administration Fee** and the **COM Administration Fee** can be paid at our offices at *Gate 11, Mary Thiphe Street, Cato Manor. You can pay by credit or debit card. **We DO NOT take cash at the CAO office.**

FINANCIAL AID

If you require financial aid from NSFAS, you must tick the Financial Aid field when you complete your CAO application. In addition, you must apply directly to NSFAS at: Private Bag X1, Plumstead, 7801 **OR** 2nd Floor, House Vincent, 10 Brodoe Road, Wynberg, Cape Town, 7700 **OR** Telephone 021 763 3200/0860 006 7327 **OR** visit their website at www.nsfas.org.za

*** DISCLAIMER:** Due to the COVID-19 pandemic the CAO is not open for face-to-face engagements until further notice. Please check our website www.cao.ac.za for updates.

3.5. Completing a 'Change of Mind Request'

1. A Change of Mind (COM) is done when you want to change your study choices. This normally happens when:

- 1.1 You no longer want to do a particular programme or programmes
- 1.2 One or more of your choices has been unsuccessful
- 1.3 An institution discontinues one of your programme choices (This change is free)
- 1.4 You want to change the ranking of your choices
- 1.5 Extend your application to the following entry year/term

2. Procedure:

- 2.1 Go to our website: www.cao.ac.za
- 2.2 Click on the icon 'Change of Mind' on the Home Page
- 2.3 Read the instructions that will guide you through the login to submit a 'Change of Mind'
- 2.4 Once logged in, follow the steps provided to enter your new set of choices. Enter your programme choices as you now wish them to appear including the programme choices you wish to keep from your existing programme choices. If you do not indicate which programme choices must remain on your application; those programme choices will be WITHDRAWN once your COM is submitted
- 2.5 Review and make sure that you have entered the correct choices and in the correct rank order
- 2.6 Once you are happy to submit, click the 'Process My Change of Mind' icon

CHANGE OF MIND

Process My
Change of Mind

REMEMBER

- Offers of places may be withdrawn if the institutions' conditions are not met or if institutions discover that you have provided false information or withheld information in your application for admission.
- If you are currently registered at DUT or UKZN and intend applying to the same institution, please first contact the institution (for information and your student number) as your student number is valid for life. You may be required to follow the institutions internal procedure for readmission.
- If you are currently or have in the past attended another post-school institution, e.g. University, TVET college, private college, etc. you must indicate this in the relevant field on your application.
- If you are not a South African citizen and do not have an asylum seeker, refugee or SA permanent residence status and intend applying to UKZN, please contact them directly to apply at www.ukzn.ac.za.

PLEASE NOTE

Your CAO number is your unique personal reference number and is important. Make sure to keep a record of it. You will need it whenever you communicate with us. The same applies to the EasyPay number. All payments to us must be made using this number.

Your CAO number and EasyPay number are provided to you when you apply online. The CAO number and EasyPay number are also on the Application Form.

Your CAO number is also required when you upload documents or when you want to complete a COM.

All documents must be uploaded onto our website. When applicants in Grade 12 apply, institutions require your ID and FINAL Grade 11 results. Therefore, in the first instance, try to upload these documents as soon as possible after you have applied. They also require your Grade 12 June results before they can consider your application for an early provisional/conditional offer so upload it as soon as you receive it. Do the same with your Trial Results.

4.1. Understanding the Programme Choice List

4.1.1. On the CAO Website

1. Go to www.cao.ac.za
2. Click on 'Programmes'
3. The 'Programmes' page will be displayed with the following three tabs on the left navigation bar:
 - a - How to use the Programme List
 - b - Programme List
 - c - Alternative Access Routes

4.1.2. How to use the Programme List in this Handbook

The Programme Choice List is divided according to career directions.

Career directions are divided into two sections. The first with the **BLUE** heading contains programmes at universities and universities of technology and the second with the **ORANGE** heading contains programmes at private colleges.

How to find a programme

Look up the field of study, for example, Sport Studies, in the 'Index' (pages 236 to 239) and then go directly to the page/s specified. Programmes are grouped according to the level of study within each career direction.

The different levels of study are:

- Shorter course study
- NC(V) study
- Nated Certificate and Diploma study (Report 191 Programmes)
- Certificate study
- Diploma study
- Degree study
- B Tech/M Tech study (programmes for people with a diploma or a degree)

If you are looking for postgraduate study, consult the institution for courses that are not included in this Handbook. You will also find some shorter courses and programmes for people who are already working as educators or nurses. Within each category, the programmes are listed in alphabetical order by programme name.

National Senior Certificate (NSC – from 2008)		Senior Certificate (SC – Before 2008)								National Certificate Vocational Subjects (NCV)						
NSC Rating/ Level	APS Rating	NSC Rating/ Level	APS Rating	LANGUAGES				OTHER SUBJECTS		NSC Rating/ Level	APS Rating	NCV Fundamental Subjects	APS Rating	NCV – Vocational Subjects		
				HG 1 st Lang	HG 2 nd Lang	SG 1 st Lang	SG 2 nd Lang	Higher Grade	Standard Grade							
7 (90 - 100%)	8	7 (90 - 100%)	8	A (90 - 100%)						A (90 - 100%)		7 (90 - 100%)	8	(90 - 100%)		
7 (80 - 89%)	7	7 (80 - 89%)	7	A (80 - 89%)						A (80 - 89%)		7 (80 - 89%)	7	(80 - 89%)		
6 (70 - 79%)	6	6 (70 - 79%)	6	B (70 - 79%)	A (80 - 100%)	A (80 - 100%)				B (70 - 79%)	A (80 - 100%)	6 (70 - 79%)	6	(70 - 79%)		
5 (60 - 69%)	5	5 (60 - 69%)	5	C (60 - 69%)	B (70 - 79%)	B (70 - 79%)	A (80 - 100%)			C (60 - 69%)	B (70 - 79%)	5 (60 - 69%)	5	(60 - 69%)

3 (40 - 49%)	3	3 (40 - 49%)	3	E (40 - 49%)	D (50 - 59%)	D (50 - 59%)	C (60 - 69%)			E (40 - 49%)	D (50 - 59%)	3 (40 - 49%)	3	(40 - 49%)	3	3 (70 - 79%)
2 (30 - 39%)	2	2 (30 - 39%)	2	F (33 - 39%)	E (40 - 49%)	E (40 - 49%)	D (50 - 59%)			F (33 - 39%)	E (40 - 49%)	2 (30 - 39%)	2	(30 - 39%)	2	2 (60 - 69%)
1 (1 - 29%)	1	1 (0 - 29%)	1								F (30 - 39%)	1 (0 - 29%)	1	(0 - 29%)	1	1 (0 - 59%)

Programme code

The alpha-numeric code contains six characters. It is linked to a specific programme at a specific institutional campus. The first two letters indicate the institution's name, and the third letter indicates the campus (refer to page 33 for these codes). The last three letters and/or numbers indicate the programme.

Closing date

Programme closing dates are listed. Take note that many programmes have early closing dates to accommodate interviews and assessment tests. Applications received after the closing date are processed as 'late'. Late applications are dealt with differently at each institution (refer to the institutions' prospectus for more information). N.B.: Health Science programmes at UKZN do not consider applications received after the closing date.

Minimum points

This is the lowest number of points you can attain to apply for a programme. The points requirements may differ depending on the school leaving examination you wrote. You can calculate your total points from your latest examination results by adding up the points for each subject (excluding LO) as shown on page 28.

Minimum entry requirements

The subject combinations and minimum levels or symbols for the different examination types that you need to achieve to be considered for a particular programme. For a complete explanation of minimum entry requirements, continue reading on page 30.

Notes

Additional information

ACCOUNTING, FINANCIAL MANAGEMENT									
Programme name	Programme code	Closing date	Min. points	Minimum entry requirements	Entry Term	Course Duration	Access Route	Notes	
UNIVERSITIES AND UNIVERSITIES OF TECHNOLOGY									
DEGREE STUDY									
B Com Accounting (extended curriculum)	KN-P-BCO	30 Sep	32	NSC Deg with Maths 5 and Engl and LO 4	1	3 yrs		Applicants with 35 points or more and English and Life Orientation and Mathematics Level 5 will be considered for early selection.	
B Com Accounting	KN-W-BCN	30 Sep	36	Matric Exemption with Maths 'D' HG/'B' SG	1	3 yrs			

Programme name

The full name of the programme, for example, B Com Accounting (extended curriculum).

Duration

The minimum number of months or years you would have to study. Please note that part-time study takes longer than full-time study.

Entry term

The time of year the programme starts. There are two entry terms:
 1 – Entry in the first semester, which starts between January and February
 3 – Entry in the second semester, which starts between July and August

Access route

A letter in this column shows that there is an alternative access route for this programme (access routes details are on pages 188-192)

4.1. UNDERSTANDING THE PROGRAMME CHOICE LIST

Points Calculation Tables

Page 28 shows the system default points calculation in which points are calculated for the top six subjects, excluding Life Orientation. Institutions may use different variants of this, e.g. some may double the Maths and Science points for Engineering. Institutions may have further requirements for selection, therefore, meeting the minimum points does not necessarily guarantee that you will be offered a place. Please check the notes column in the Programme List in this Handbook or institutions' prospectus/website for details.

For a full list of the abbreviations used, refer to the acronyms and abbreviations on pages 230-233. Mature age applicants and those seeking admission on the basis of Recognition of Prior Learning (RPL) or foreign qualifications should consult the institution.

Colour Codes in Programme Name

Pink: Part-time study

Brown: A new programme awaiting approval from DHET/Senate at the time of this Handbook being published. Contact the institution to confirm if the programme will be offered.

NSC/IEB/SACAI

Minimum entry requirements for applicants writing NSC are **shaded pink**.

Matric (Grade 12) achievement to qualify for:

1. Degree Study

- 1.1 Must obtain at least 40% for Home Language
- 1.2 Must obtain at least 50% for FOUR other subjects, excluding Life Orientation
- 1.3 Must obtain at least 30% for ONE other subject
- 1.4 Must obtain at least 30% in Language of Learning and Teaching (LOLT) of the Higher Education Institution where you intend studying

- 1.5 Must pass at least six out of seven subjects

Where you see NSC Deg in the Programme Choice List, this means that you must meet these requirements. If the institution has additional requirements, it will be indicated:

Example: NSC Deg with Maths and Phys Sci 6 and Engl and LO 4 and two subjects 4

This means that in addition to an NSC pass meeting the minimum standard required for entry into degree study, you must have passes in Mathematics and Physical Science at Level 6 and English Home Language, or First Additional Language and Life Orientation at Level 4. Two of the three other subjects must be passed on Level 4.

2. Diploma Study

- 2.1 Must obtain at least 40% for Home Language
- 2.2 Must obtain at least 40% for THREE other subjects, excluding Life Orientation
- 2.3 Must obtain at least 30% for TWO other subjects
- 2.4 Must obtain at least 30% in the Language of Learning and Teaching (LOLT) of the Higher Education Institution where you intend studying
- 2.5 Must pass at least six out of seven subjects

3. Higher Certificate Study

- 3.1 Must obtain at least 40% in Home Language
- 3.2 Must obtain at least 40% in TWO other subjects
- 3.3 Must obtain at least 30% in FOUR other subjects
- 3.4 Must pass at least six out of seven subjects

Senior Certificate

Minimum entry requirements for applicants who have written their Senior Certificate are shaded lemon.

Example: Matric Exemption with Maths 'D' HG/'A' SG and Agric Sci or Biol or Phys Sci 'E' HG/'C' SG

This means that your Senior Certificate or Statement of Symbols must state that you have been granted an 'endorsement'. In addition, you must have passed Mathematics with 'D' on Higher Grade or 'A' on Standard Grade and at least one of Agricultural Science, Biology or Physical Science with 'E' on Higher Grade or 'C' on Standard Grade. If you qualify for an Ordinary Conditional Exemption, you could be considered for programmes specifying 'Matric Exemption', provided the other subject requirements are met.

N3/N4

Minimum entry requirements for applicants who have studied at a Technical Vocational Education and Training College (TVET) are shaded mint.

Example: N3 with two main subjects 'D' and Grade 12 Engl SG

This means that you must have an N3 pass. In addition, you must have passed two subjects with 'D' and Grade 12 English on Standard Grade.

NC(V)

Minimum entry requirements for applicants who have written National Certificate (Vocational) are shaded lilac.

Example: NC(V) with two Civil Engineering subjects 5 and Engl and Maths and Phys Sci 4

This means that you must have an NC(V) pass in a relevant learning field. You must have passes in three compulsory vocational subjects at Level 5 and English and Maths and Physical Science at Level 4.

Other Requirements

If there are other entry requirements such as an N Dip, the list will tell you what qualification you must have to enter these programmes. If you do not already have this qualification, you should apply for that programme first.

Foreign Qualifications

The following are considered to be equivalent to the South African degree entry requirements:

GCE

Five passes in GCE as well as two at 'A' level:

- 'A' level passes must be A, B, C, D or E
- 'O' level passes must be A, B or C

Five passes in GCE as well as four at 'AS' level:

- 'A' level passes must be A, B, C, D or E
- 'O' level passes must be A, B or C
- 'AS' level passes must be A, B, C or D

Applicants from SADC countries who have five passes at 'O' level, including English language, may be considered for diploma study.

HIGCSE/IGCSE

Passes in five subjects, four of which must be at HIGCSE level:

- HIGCSE passes must be 1, 2 or 3
- IGCSE passes must be A, B or C

Applicants who wish to enter degree programmes are required to have passes in English language and one other language, and must usually have also passed Maths.

4.1. UNDERSTANDING THE PROGRAMME CHOICE LIST

The Matriculation Board gives details of requirements for those with other qualifications. Applicants should apply for a 'Foreign' or 'Foreign Conditional' Matric Exemption from the Matriculation Board. Institutions will usually assist with this, or you can consult the Matriculation Board directly.

The Matriculation Board

P O Box 3854, Pretoria, 0001

1267 Pretorius Street, Hatfield, Pretoria, 0001

☎ 010 591 4401/2

Website: mb.usaf.ac.za • Email: applications@USAf.ac.za

Those wishing to enter diploma programmes may be required to have their qualifications assessed to confirm that they are equivalent to the South African Senior Certificate. This evaluation is carried out by South African Qualifications Authority (SAQA). If you need to contact SAQA, you must ask for the Quality Assurance Department. The cost of an assessment varies, depending on the level of priority. Conditions are on the SAQA website.

5. CONSTRUCTION/SURVEYING

Programme name	Programme code	Closing date	Min. points	Minimum entry requirements	Entry term	Course duration	Access route	Notes
UNIVERSITIES AND UNIVERSITIES OF TECHNOLOGY								
DEGREE STUDY								
B Sc Land Surveying	KN-H-BSL	30-Sep	33	NSC Deg with Maths and Phys Sci 6 and Engl and LO 4 and two subjects from the designated list	1	4 yrs	U	
			35	Matric Exemption with Maths and Phys Sci 'C' HG				
Bachelor of the Built Environment in Construction Studies	DU-D-BBU	30-Sep	29	NSC Deg with Engl HL 4/FAL 5 and Maths and Phys Sc 4 Senior Cert with Engl and Maths and Phys Sci 'E' HG/'C' SG NC(V) 4 with 70% in Engl and Maths and Phys Sci and two other relevant vocational subjects	1	3 yrs		See * Note 1 below
Bachelor of the Built Environment in Geomatics	DU-D-BBE	30-Sep		NSC Deg with Engl HL/FAL 4 and Maths 4 AND Phys Sci 4	1	3 yrs		First preference will be given to applicants who never studied previously at any other university. This programme will only consider 1st, 2nd, 3rd and 4th choice applicants. Please Note: Applicants will be ranked according to the sum of their scores for Mathematics and Physical Science subject to a minimum score of 120%
				Matric Exemption with Engl and Maths and Phys Sci 'E' HG/'C' SG				
				NC(V) 4 with 70% in Maths AND Phys Sci AND 60% in Engl AND LO AND two vocational subjects				
DIPLOMA STUDY								
Diploma in Building	MN-M-DBU	30-Sep		NSC Dip with Engl and Maths and Phys Sci 4 Senior Cert with Engl 'D' SG and Maths and Phys Sci 'E' HG	1	3 yrs	B	FET Subjects: N6 Quantity Surveying, N6 Building & Structural Construction, N6 Building Administration. Contact 031 819 9299 or email: info@mut.ac.za for more details. The closing date for this programme is 30 Sep 2021
Diploma in Building (ECP)	MN-M-BU7	30-Sep		N3 with 50% for Maths and Engl 'E' SG NC(V) 4 with minimum of 50% in 3 fundamental subjects (Engl, Maths and LO) and 60% in three Building Construction subjects and Civil & Construction Technology GCE, GCSE, IGCSE or Cambridge School Certificate with 5 subjects at O Levels including Maths and Sci and Engl A/B/C. Three of the five must be passed in the same exam sitting (SAQA Certificate Required)	1	4 yrs	B	

*** NOTE 1:** First preference will be given to applicants who never studied previously at any other university. NC(V) and N4 may only be considered if the candidate is already in possession of the NSC endorsed to study for a Bachelors degree at an institution of higher learning. In addition to these subject requirements, applicants with an NSC will be ranked according to the sum of their marks for Maths and Phys Sci, subject to a minimum combined score of 120% (Maths Lit will not be accepted as a substitute for Maths and LO is excluded). Prospective applicants that qualify for degree study at an institution of higher learning but do not meet these Maths and/or Phys Sci requirements may present the following N4 subjects for consideration for entry into this programme: Maths, Engineering Science, Building & Structural Construction and Building & Structural Surveying. A minimum of 60% must be achieved for these subjects over a maximum of two exam sittings. Students will then be ranked alongside the NSC students according to the sum off their marks for N4.

Bachelor of Engineering Technology in Chemical Engineering	DU-D-ECH	30-Sep	28	NSC Deg with Engl and Maths and Phys Sci 4	1	3 yrs		See * Note 1 below
			35	Senior Cert with Engl and Maths and Phys Sci 'C' HG/'B' SG NC(V) 4 with 60% in English and LO and 70% in Maths and Phys Sci and two additional vocational subjects related to the field of chemical engineering				
Bachelor of Engineering Technology in Civil Engineering	DU-D-BNC	30-Sep		NSC Deg with Engl HL/FAL 4 and Maths 4 and Phys Sci 4	1	3 yrs		See * Note 2 below
				Senior Cert with Maths and Phys Sci 'E' HG/'C' SG and Engl NC(V) 4 with 60% in Engl and LO and 70% in Maths and Phys Sci and two other vocational subjects				
Bachelor of Engineering Technology in Electronic Engineering	DU-D-BGL	30-Sep		NSC Deg with Engl HL/FAL 4 and Maths 4 and Phys Sci 4	1	3 yrs		See * Note 3 below
				Senior Cert with Engl and Maths and Phys Sci 'E' HG/'C' SG NC(V) 4 with 60% in Engl and LO and 70% in Maths and Phys Sci and two other vocational subjects				

- * **NOTE 1:** First preference will be given to applicants who never studied previously at any other university. Only applicants who rank this programme as 1st, 2nd or 3rd choice will be considered. Please Note: Applicants will be ranked according to the sum of their scores for Mathematics and Physical Science, subject to a minimum score of 120%.
- * **NOTE 2:** First preference will be given to applicants who never studied previously at any other university. Please note that applicants will be ranked according to the sum of their scores for Mathematics and Physical Science, subject to a minimum combined score of 120%. Civil engineering only considers 1st and 2nd choice applicants.
- * **NOTE 3:** First preference will be given to applicants who never studied previously at any other university. Applicants with a NSC will be ranked according to the sum of their scores for Mathematics and Physical Science, subject to a minimum combined score of 120%. Prospective applicants that qualify for degree study at an institution of higher learning (Bachelor's Pass) but do not meet the departmental Maths and/or Phys Sci requirements may present the following N4 subjects for consideration for entry into this programme: Maths and Engineering Science plus any two of Industrial Electronics OR Electronics; Digital Systems OR Logic Systems; Electrotechnics. A minimum of 50% must be achieved for these subjects in the same exam sittings. Students will then be ranked alongside the NSC students according to the sum of their marks for N4 Maths and Engineering Science subject to a minimum combined score of 120%.

8. ENGINEERING

UNIVERSITIES AND UNIVERSITIES OF TECHNOLOGY								
DEGREE STUDY								
Bachelor of Engineering Technology in Industrial Engineering	DU-D-BIE	30-Sep		NSC Deg with Engl HL 4/FAL 4 and Maths and Phys Sci 4	1	3 yrs		See * Note 1 below
Bachelor of Engineering Technology in Mechanical Engineering	DU-D-BGM	30-Sep		Senior Cert with Engl and Maths and Phys Sci 'E' HG/'C' SG	1	3 yrs		See * Note 1 below
Bachelor of Engineering Technology in Power Engineering	DU-D-BGH	30-Sep		NC(V) 4 with 60% in Engl and LO and 70% in Maths and Phys Sci and two other vocational subjects 70%	1	3 yrs		See * Note 2 below
DIPLOMA STUDY								
Diploma in Chemical Engineering	MN-M-DCE	30-Sep		NSC Dip with Engl and Maths and Phys Sci 4	1	3 yrs	C	Please contact 031 819 9299 or email: info@mut.ac.za for more details. The closing date for this programme is 30 Sep 2021
Diploma in Chemical Engineering	MN-M-DCE	31-May-2022		NC(V) 4 with a minimum of 50% in Engl and Maths and 60% in three compulsory vocational subjects: Phys Sci and Process Technology, and Process Chemistry or Process Control	3	3 yrs	C	Contact 031 819 9299 or email: info@mut.ac.za for more details. This programme closes 31 May 2022

* **NOTE 1:** First preference will be given to applicants who never studied previously at any other university. In addition to these subject requirements, applicants with an NSC will be ranked according to the sum of their marks for Maths and Phys Sci, subject to a minimum combined score of 120% (Maths Lit will not be accepted as a substitute for Maths). Prospective applicants that qualify for degree study at an institution of higher learning but do not meet these Maths and/or Phys Sci requirements may present the following N4 subjects for consideration for entry into this programme: Maths and Engineering Science plus any two of Mechanotechnics, Engineering Drawing and Electrotechnics. A minimum of 50% must be achieved for these subjects in the same exam sittings. Students will then be ranked alongside the NSC students according to the sum of their marks for N4 Maths and Engineering Science subject to a minimum combined score of 120%.

* **NOTE 2:** First preference will be given to applicants who never studied previously at any other university. Applicants with a NSC will be ranked according to the sum of their scores for Mathematics and Physical Science, subject to a minimum combined score of 120%. Applicants who qualify for admission into degree studies at institutions of higher learning but do not meet the Maths and/or Physics requirements, may present the following N4 subjects for consideration for entry to this degree programme: Maths and Engineering Science plus any two of: Electrotechnics N4, Industrial Electronics N4, Logic Systems N4. The above are all to be passed in the same exam sitting with a minimum of 50%. Students will then be ranked alongside the NSC students, according to the sum of their scores for N4 Mathematics and Engineering Science.

				Matric Exemption with Engl 1st lang 'D' HG/'C' SG or 2nd lang 'B' HG/'C' SG AND Maths 'E' HG/'D' SG AND one of: Geog, Hist, Biol, Phys Sci 'D' HG/'C' SG				
				NC(V) 4 with Engl and Maths 60% and one of: Geog, Hist, Life Sci/Biol, Phys Sci 70% and one additional subject (not a language) 70%				
Bachelor of the Built Environment in Architecture	DU-D-BAT	30-Sep		NSC Deg with Engl HL/FAL 4 and Maths 4	1	3 yrs		See *NOTE 2 below
				Senior Cert with Engl and Maths 'D' HG/'C' SG				
				NC(V) 4 with 80% in Engl and 80% in Maths				

* **NOTE 1:** First preference will be given to applicants who never studied previously at any other university. The closing date for this programme is 30 September 2021. We regret that applications received after this date can not be considered. Prospective students may be required to sit for a suitable placement test, as part of the entry requirement to this programme. Prospective students that qualify for degree study at an institution of higher learning but do not meet the departmental Maths requirement, may present the following N4 subjects for consideration for entry to this degree programme: Maths and Engineering Science with a minimum of 50%.

* **NOTE 2:** First preference will be given to applicants who never studied previously at any other university. Other recommended subjects (not compulsory): Technology, History, Art, Technical Drawing, Geography, Physics. In addition to the requirements above, the top 300 applicants will be required to undergo a test for selection purposes. The weighted results from this test, in addition to their Trials mathematics marks for those students yet to complete their NSC or the mathematics results achieved in their NSC if already awarded will be used to determine offers of places in the programme based on a ranking of these combined results. Preference will be given to applicants placing Architecture at DUT as their 1st choice. This will also apply to the ranking of offers.

Applicants will undergo an interview as well as placement testing

- * **NOTE 1:** Preference will be given to 1st, 2nd and 3rd choice applicants. The closing date for this programme is 30 September. We regret that applications received after this date cannot be considered. Students are required to undergo clinical training/placements at training sites outside Durban (some of which may be in rural KZN) as part of their mandatory HPCSA/SAPC/SANC clinical training. Such placements are compulsory, non-negotiable, may be on rotational and/or longitudinal basis and may be extended up to a year or longer. Whilst the University/College of Health Sciences will provide clinical training in collaboration with the KZN Dept of Health, in line with UKZN regulations, students are responsible for the cost of travel, accommodation and the basic costs of living, as applicable to and in the placement site.
- * **NOTE 2:** First preference will be given to applicants who never studied previously at any other university. Applicants will only be considered if they place this programme as choice 1, 2 or 3. Minimum 28 points excluding LO. Ranking criteria applies. Applicants will be subjected to entrance tests and are required to submit a portfolio, the details will be provided by the Department. Shortlisted candidates will be invited to an interview. Applicants must be 18 or older in 2021 and be physically fit. Applications received until 30 August 2021 will be considered.
- * **NOTE 3:** First preference will be given to applicants who never studied previously at any other university. Applicants will only be considered if they place this programme as choice 1. Minimum 28 points excluding LO. Ranking criteria applies. Applicants will be subjected to entrance tests and are required to submit a portfolio, the details will be provided by the Department. Shortlisted candidates will be invited to an interview. Applicants must be 18 or older in 2021 and be physically fit. Applications received until 30 August 2021 will be considered.
- * **NOTE 4:** First preference will be given to applicants who never studied previously at any other university. Top applicants will be invited to participate in a placement test and an interview. Selected applicants will also be encouraged to complete at least 8 hours of voluntary service in a Prosthetic and Orthotic environment, for which a voluntary practice report must be submitted.

4.4. Alternative Access Route Programmes

The institutions offer alternative access/extended programmes to help applicants who may not meet the entry requirements for specific degrees and diplomas. Some of the programmes, when successfully completed, allow you to be considered for admission to a particular mainstream programme of study. In other programmes, you are admitted directly

to degree or diploma studies, and the initial modules are spread over a longer period than normal.

Programmes with access routes are indicated in the Programme Choice List. The letter/number in the access route column in the Programme Choice Lists indicates which access programme applies.

Institution	Programme	Access Route Reference	Programme Code	Course Duration	Minimum Entry Requirements	Closing Date	Additional Notes
DURBAN UNIVERSITY OF TECHNOLOGY	Access Course Engineering	1	DU-I-ACR	6 mths	NSC Dip with Engl 4 and Maths and Phys Sci 3 OR Senior Cert with Engl and Maths and Phys Sci 'E' SG OR N4 with a 50% pass in four relevant subjects including Maths and Physics and Grade 12 Engl	30 Sep	First preference will be given to applicants who never studied previously at any other university. This department only considers applicants who rank this programme as choice 1 or 2. Linked programme: Diploma in Engineering Technology in Civil Engineering (DU-I-DNC)
	Accounting Bridging Course	2	DU-D-ABR	1 yr	NSC Dip with 20 points and Engl HL 3/FAL 3 and Maths 3/Maths Lit 4 or Acc 3	30 Sep	First preference will be given to applicants who never studied previously at any other university. Please note that the Accounting Bridging Course is not NSFAS funded, therefore the registration, tuition fee and study material have to be paid by student
MANGOSUTHU UNIVERSITY OF TECHNOLOGY	Access Course Analytical Chemistry	A	MN-M-ANA	6 mths	NSC Dip with Engl and Maths and Phys Sci 3 OR Senior Cert with Engl and Maths 'E' SG and Phys Sci 'E' HG OR N3 with Maths and Phy Sci and Grade 12 Engl and another lang	30 Sep	Contact 031 819 9299 or email: info@mut.ac.za for more details. The closing date for this programme is 30 Sep

4.4. ALTERNATIVE ACCESS ROUTE PROGRAMMES

Institution	Programme	Access Route Reference	Programme Code	Course Duration	Minimum Entry Requirements	Closing Date	Additional Notes
MANGOSUTHU UNIVERSITY OF TECHNOLOGY	Access Course Building	B	MN-M-BUB	1 yr	NSC Dip with Engl HL 4/FAL 3 and Maths and Phys Sci 3 OR Senior Cert with Engl and Maths and Phys Sci 'F' HG/'E' SG OR N3 with Maths and Phys Sci or Engineering Science and Grade 12 Engl SG OR NC(V) with Engl and Maths and Phys Sci 4 and Construction Materials and Construction Technology 6	30 Sep	This course may not be repeated. Contact 031 819 9299 or email: info@mut.ac.za for more details
	Access Course Chemical Engineering	C	MN-M-CEB	6 mths	NSC Dip with Home Lang 4 and FAL 3 and Maths and Phys Sci 3 OR Senior Cert with Engl and Maths and Phys Sci 'F' HG/'E' SG OR N3 or N4 with a minimum of 50% in Maths and Eng Sci and Grade 12 Engl SG OR NC(V) 4 with 40% in Engl and Maths and 50% in Phys Sci OR GCE, GCSE, IGCSE or Cambridge School Certificate with 5 subjects at O Levels including Maths and Sci and Engl A/B/C. Three of the five must be passed in the same exam sitting	30 Sep	Contact 031 819 9299 or email: info@mut.ac.za for more details. The closing date for this programme is 30 Sep. This course may not be repeated
	Access Course Civil Engineering	D	MN-M-CVB	6 mths	NSC Dip with Home Lang 4 and FAL 3 and Maths and Phys Sci 3 OR Senior Cert with Engl 'E' and Phys Sci or Maths 'F' HG/'E' SG OR N3 with Maths and Phys Sci and Grade 12 Engl SG OR GCE, GCSE, IGCSE or Cambridge School Certificate with 5 subjects at O Levels including Maths and Sci and Engl A/B/C. ICESA City Campus (Pty) Ltd is registered with the Department of Higher Education and Training as a Private Higher Education Institution under the Higher Education Act No. 101 of 1997 and its higher education programmes are accredited by the Council on Higher Education (CHE). Registration Number: 2000/HE07/001. Management and Leadership Academy (Pty) Ltd is provisionally registered with the Department of Higher Education and Training as a Private College under the Continuing Education and Training Act No. 36 of 2000. Registration Number: 2000/FE00/111. Management and Leadership Academy (Pty) Ltd is fully accredited by Umulazi, the Quality Council for General and Further Education and Training. Accreditation Number: 171ET020081 (Durban) and 171ET0200118 (Pietermaritzburg). Management and Leadership Academy (Pty) Ltd is further accredited by the Quality Council for Trades and Occupations (QCTO). Accreditation Numbers: 15/014 (Durban) and 15/0139 (Pietermaritzburg).

A woman with her hair in a bun is shown in profile, looking upwards and to the right. She is wearing a light-colored, ribbed sweater. Her right hand is raised, touching a glowing digital globe of the Earth. The globe is surrounded by various data visualizations, including line graphs, bar charts, and circular gauges, all appearing as semi-transparent overlays. The background is dark with a grid of light blue lines. In the bottom left corner, there is a cluster of colorful, overlapping geometric shapes in shades of red, purple, blue, green, and teal.

THE LEADERS IN HIGHER EDUCATION

With six specialised faculties, managed by a highly qualified academic team, DUT students are given the competitive edge in their respective fields and are equipped with 'real' world work experience. The DNA of our ENVISION 2030 strategy at the Durban University of Technology is to remain people-centered and engaged, innovative

and entrepreneurial, to ensure we produce adaptive graduates to reach greater levels of performance and excellence through the decades to come, not only to prepare graduates to fill job posts, but to create them. Apply today via the DUT website or www.cao.ac.za.

Faculty Of Accounting & Informatics

Faculty Of Applied Sciences

Faculty Of Arts & Design

Faculty Of Engineering & The Built Environment

Faculty Of Health Sciences

Faculty Of Management Sciences

Six reasons why you should study at DUT:

- 1 We are invested in passion, purpose and promise.
- 2 We believe in promoting a culture of excellence in learning, teaching, technology research and applied research.
- 3 We always put the needs of our students first through the university's specific programmes, infrastructure, social interactions and technologies.
- 4 We aim to shape our students through teaching, learning and research, ensuring that at DUT, we are improving lives and livelihoods.
- 5 At DUT, we believe in endless possibilities, so we have added new Higher Certificate and Diploma programmes to give you the opportunity to build a successful career path.
- 6 Dedication, hard work and commitment can bring opportunity for A and B aggregate students to be awarded scholarships or a remission of fees.

5.1. CAO's Communication with You

How do I know whether my application has been received?

- If you applied online or by mobile app, you would have immediately received an abridged message stating 'Application Submitted Successfully'. If you did not pay the administration fee at the same time, you will receive a message within 24 hours and an emailed letter within 48 hours stating that your application has been received by CAO and has been placed on hold. Your application will be ACTIVE and available to the institutions to which you have applied as soon as the administration fee is received.

If you paid the administration fee at the same time that you applied, you will receive a message within 24 hours and an emailed Acknowledgement Letter within 48 hours stating that your application is available to the institution/s to which you have applied. This Acknowledgement Letter also has all your information that we have on the system and asks you to check that it is correct. If you find any mistakes or omissions, you must send us the correct information within one week.

- When we receive a hard copy application form, it could take between one day and three weeks to be scanned and captured. If your administration fee had been paid by that time, you will receive a message within 24 hours and an emailed Acknowledgement Letter within 48 hours stating that your application has been received and processed and is available to the institutions to which you have applied.
- If your administration fee is not received by the time that we receive your application, your application will not be fully captured and processed and you will receive a message and an emailed letter stating that your application has been received by CAO and has been

placed on hold. Your application will be ACTIVE and available to the institutions to which you have applied as soon as we receive the administration fee.

- Every fortnight you will receive an automated message reminder to pay the administration fee.
- Once the institution has made a selection decision, the CAO will inform you by message if you have been unsuccessful and by message and email if you have been made an offer.
- If at any point during the application cycle you wish to change any of your choices, complete the online 'Change of Mind' and once received together with the administration fee, the change(s) is/are immediately available to the institution(s) and we inform you by email with your new choices. Our website is www.cao.ac.za

5.2. Institutions' Communication with You

Who makes selection decisions?

Institutions make selection decisions. The CAO does NOT make selection decisions. The CAO receives applications, process the applications and pass on the information to the institutions. Institutions use the information to make their selection decisions and inform the applicant. Sometimes institutions also inform the CAO of their selection decision and the CAO then passes the decision on to the applicant.

When are offers made?

Institutions make selection decisions (conditional offers, firm offers, regrets, etc.) throughout the year. The earlier in the year you apply, the earlier you may receive the selection decision.

How will I know if I have been selected?

If you have given us your email address or cell phone number, we will send you a message when a decision is made on any of your programme choices. As soon as you are made an offer, we will communicate this to you. Some institutions may also send you letters or messages informing you of your offer. Make sure you let us know if you change your contact details by emailing changeofcontactcao@cao.ac.za.

How do I accept an offer?

You must inform the institution and NOT the CAO about whether you wish to accept the offer. They should send you a letter or message detailing the procedures you must follow. If they give you a deadline to accept a place, it is important that you reply within that time or the place will be offered to someone else. Most institutions will ask you to pay a non-refundable Acceptance of Offer fee to secure your place. This fee will usually count towards your registration and tuition fees. PLEASE DO NOT pay this money to the CAO. Consult the institution regarding the details of how and when you need to respond and pay.

How do I decline an offer?

If you have decided not to accept the offer, please communicate this directly to the respective institution.

What happens after I have accepted an offer?

Once you have accepted a place and paid the deposit requested, the institution should send you details of registration. First semester registration takes place between the second week of January and the beginning of February. Second semester registration takes place between June and August. Check the institutions' websites for details.

Where do I send my application as an international applicant?

- If you are applying for short-term study, apply directly to the institution.
- If you are applying to **UKZN** only, apply directly to the institution.
- For other institutions and choices at more than one institution, apply through the CAO at www.cao.ac.za.

How do I apply as an international applicant?

An international applicant is a person who is not a citizen or permanent resident of South Africa, or a refugee/asylum seeker with a permit allowing study. The higher education institutions of KwaZulu-Natal welcome applications from international applicants for their formal degree, diploma and certificate programmes. Some institutions also offer the opportunity to study in South Africa for one semester or one year. DUT and UKZN do not accept international applicants into their access programmes. Applications to study Medicine at UKZN are considered ONLY from citizens of Lesotho and Mauritius and applicants must apply via their governments. You will require a study permit if you wish to come to South Africa to study. This does not apply to distance learning students who study in their home countries.

Once you have a letter offering you a place from the further or higher education institution, you can apply to the South African embassy, high commission, consulate or trade office for your study permit. The permit application will take up to eight weeks to be processed. Acceptance by an institution does not place any obligation on the South African government to issue or renew study permits. DO NOT leave home before your study permit is granted – you will not be allowed to study on a visitor's permit. You cannot apply for your first permit after you arrive in South Africa. People who are in South Africa for study purposes are not eligible to apply for South African citizenship. Refugee and asylum seeker applicants require documentation from the Department of Home Affairs granting permission to study in South Africa.

5.3. What do the Different Statuses Mean?

We use specific terms to indicate what progress the institution has made in considering your application.

- 1. Waiting for a Decision:** The institution has not yet considered your application (This is the default status for on time applications).
- 2. Late Application:** This is a default status as your application was received after the closing date for the programme. Each institution deals with late applications in different ways. Refer to the institutions' prospectus for further information.
- 3. Awaiting Results:** The institution is waiting for further results (e.g. June, Trial or Final NSC results) before making a decision on your application.
- 4. Conditional Offer:** The institution will accept you provided that you meet the requirements. Where space is limited, these may be higher than the minimum requirements for the programme published in this Handbook. Some programmes may conduct assessment tests at registration. This may be withdrawn if you do not indicate that you want to accept the place or if your final results are not as good as your earlier results.
- 5. Firm Offer:** You are offered a place by the institution. This may be withdrawn if you do not indicate that you want to accept the place or if your final results are not as good as your earlier results.
- 6. Has Not Met Programme Ranking Criteria:** You do not meet the institution's specific criteria. Refer to the institutions' prospectus for further information. You may complete a Change of Mind Request Form on which you can change the programme ranking.
- 7. Interview/Audition/Portfolio:** The programme has special selection procedures. Institutions should contact you with details of the date, time and venue. You may need to follow up with the institution directly.
- 8. Please Supply Academic Record:** The institution requires a copy of your academic record from your current or previous study at tertiary level.
- 9. Please Supply USAf/SAQA Evaluation:** The institution requires a Universities South Africa (USAf)/SAQA evaluation of the foreign exam results you may have written.
- 10. Programme Closed:** No further applications will be considered.
- 11. Refer for Decision:** The application has to be assessed before the status can be changed.
- 12. Regret Programme Discontinued:** The institution has decided that they will no longer be offering a programme that was initially listed in this Handbook. In some cases, institutions may advise on an alternative programme that you can apply for. Complete a Change of Mind Request Form at no cost to yourself.
- 13. Regret Unsuccessful:** The institution has decided not to offer you a place for whatever reason according to their selection processes.
- 14. Short-listed, Standby and Wait-listed:** The institution is considering your application but has not yet decided whether they will be able to offer you a place.
- 15. Unsuccessful Following Placement Test/Interview:** The institution has decided not to offer you a place following the entrance test you wrote or the interview you attended. There are also a number of messages the institution can use to tell you that they are unable to offer you a place.

6.1. Find out what You're Good at

How do I decide what to study?

You may be feeling quite stressed out about making this BIG decision and unsure how to choose a career that will be right for you... Well – relax, follow these self-help steps, including the quiz on your working personality, and you'll be a whole lot more equipped to make a good choice when you're done!

Knowing which careers or jobs suit you is a process of discovery. The 'Helping you decide on your career' section is about finding out what you are good at, what kind of person you are, what careers are out there and then matching this information together. It's also about listening to your gut feeling because you are the expert on yourself! Very often you actually know what career directions seem interesting to you, but you may need some confirmation of this in order to feel more confident about your choice.

The CAO has included this section to give you more information to help you make your choices. Choosing what to study and knowing what career direction this will lead you to is a really important choice that will affect you for a long time. So, put in the effort to gather the right information about yourself and your career choices.

Self-help steps

On a scale of 1 to 10, rate how ready you feel to make a career choice?

1 2 3 4 5 6 7 8 9 10

1 means that you feel very unprepared and 10 means you feel you have all the information you need to make a good choice. If you've chosen a number less than 10, you need more preparation, so keep going!

Okay, let's get started with gathering more information to help you to make a good study choice.

Knowing yourself

To learn more about yourself, you're going to need a pen, no really, you're going to need to go and get a pen; you've got some self exploring to do!

Look at the descriptions below.

For each number, choose either the **grey** description or the **red**. Circle the one that sounds most like you.

'People's person'	'Your own person'
Confident with large groups of people	Someone who enjoys smaller groups of people
Inspired and energised by being with people a large portion of the day	Someone who enjoys their own company
Friendly and outgoing	Reserved and often a 'deep thinker'
A person who has a wide social network	Comfortable spending time 'one on one' with a good friend or a few close friends
Spending the whole weekend going out with friends and family sounds like fun	Having some time with friends and family as well as having some space sounds relaxing

Using a different colour pen, ask someone who knows you well to circle the descriptions they think sound like you. On what side do you have more circled descriptions?

GREY – Many GREY answers suggest that you enjoy spending time with many different people for a large part of your day, and meeting new people. Your future career probably needs to focus a lot on people.

RED – Many RED answers suggest that you enjoy your own space and work well on your own. Be careful of jobs in which you will have a lot of contact with people!

For each description, circle either the **grey** or **red** side.

'Study focused'	'Practically minded'
Someone who enjoys studying and theory	Someone who enjoys doing
Someone who enjoys memorising work	Someone who enjoys working with their hands
Well read	Realistic and handy
Academically talented	A practical thinker
Someone who loves book learning	Interested in knowing how things work or how to do tasks

Which side have you got more circled descriptions in?

GREY – If you have circled more GREY descriptions, then perhaps you will like the courses on offer at university.

RED – If you chose more of the RED options, then you may prefer courses on offer at universities of technology or Technical Vocational and Education Training (TVET) colleges. But be careful – this is not always the case. Find out how much study and memorising versus practical work and in-situation training is involved in the study direction you choose.

Rate three of the following interests that sound like you!

A	Scientifically minded
B	A teacher, trainer, leader who enjoys serving or caring for people
C	Creative and imaginative – perhaps artistic or musical
D	Accurate, good with numbers and calculations
E	Someone who loves language and writing
F	Business minded and persuasive
G	Orderly, organised and time orientated
H	Technically minded

Here are some ideas of the careers these interests could lead you to.

A	Marine Biology, Biological Sciences, Geography, Agriculture, Nature Conservation, Animal Science, Computer Science/Information Technology, Food Technology, etc.
B	Teaching, Management, Medicine, Nursing, Social Work, Psychology, Dentistry, Optometry, Radiography, Occupational Therapy, Policing, etc.
C	Performing Arts, Fine Art, Graphic Design, Interior Design, Photography, Video Technology, etc.
D	Accounting and Bookkeeping, Financial Information Systems, Financial Management, Taxation, Auditing, etc.
E	Journalism, Media, Translation, Interpretation, etc.
F	Management, Marketing, Public Relations, etc.
G	Administration, Office Management, Secretarial, Computer Studies, etc.
H	Engineering, Operations Management, Surveying, Building, etc.

6.1. FIND OUT WHAT YOU'RE GOOD AT

Certain types of people match certain types of careers. Sometimes parents, friends or your community may try to push you towards a career that you know you're not right for. Sometimes your friends are all studying something – so you feel you should too. Other times you hear that you might get a bursary for a certain course and this makes you want to choose it. Be careful, as you will spend a large amount of your life working... and working in the wrong job can be stressful and unfulfilling.

Knowing what careers you really wouldn't like to do is VERY important too... Write down five careers you wouldn't like to do. Knowing what you don't want to do is just as important as knowing what you want to do. Perhaps you don't really like the idea of working with and caring for people, so a job in teaching, nursing or social work puts you off. Maybe you don't enjoy working with numbers, so careers in engineering or accounting seem unexciting.

Write down two careers you feel someone else would like you to do that you don't think are really right for you...

Think of the three school subjects you did well in or enjoyed. Write these down. These are strong areas for you and could be used in your future career. Was there a subject you wished you could have taken that was not offered by your school?

Which subjects were your least favourite?

When choosing your career, make sure your career does not need you to be good at the things you are not good at! After these seven steps, you've probably put in quite a lot of thought about the kind of person you are. It's so important to 'match' who you naturally are to a career that is

right for you. Continue to fill in the following quiz, which describes four different working personality types. Which one are you?

This next section of Self-Help Steps is about jobs that are out there. This is very important because if you don't know about different careers, you can't make a well informed choice!

Knowing about careers

On a scale of 1 to 10, rate how much you know about what jobs are out there in the world of work. 1 means you feel you have little knowledge of what jobs exist and 10 means you feel you know quite a bit about the variety of careers there are to choose from.

If you rated your knowledge as less than a 10, read on to build up your knowledge of careers and improve your score.

First things first: to get into a career, you usually need to study. Do you know the difference between NC(V), certificate, diploma and degree study? Do you know about distance learning, and part-time and full-time study options? If not, have a look at pages 214-215.

Okay, let's think about what jobs are out there. Have a look at the 'programme choice list' in this Handbook and read through the career directions. Are there any career directions there that you don't know about? Write these down. Then have a look through the relevant pages in the booklet itself, for example Computer Science on page 103. You will see that you can study towards different degrees or diplomas in this career direction.

You will notice that there are different entry requirements for these options; they take different amounts of time to complete, and can be studied at different tertiary study institutions. Page 29 tells you exactly how to read and understand the 'Programme Choice List'.

So you realise there are some gaps in your career knowledge, but how do you find out more about careers you don't know about? Here are some ideas...

- Ask your Life Orientation (LO) teacher, parent or another adult to explain more about the career directions you're unsure of.
- Perhaps you have a family friend, neighbour or relative who does the job you are interested in finding out more about. Speak to them about their job.
- Use the contact info on pages 218 to 229 to check online for more information on your institution of choice and the career direction that seems interesting to you. Have a look at www.pacecareers.com. This great website provides a lot of information about different types of jobs and careers. It also gives you ideas about where to find out further information, such as through professional bodies or associations. Do their extremely helpful quiz to find out more about what careers you might suit.
- You could also look in your school or public library for books on careers.

Now that you've done some research into the career directions, rate which three sound most interesting to you. ***Look these up in the Programme Choice List to see how to study towards them.***

Another way to refine your knowledge of your top three career directions is to speak to people working in these fields. You could phone a company in the industry to find out more. If they are not too busy, people are often very flattered to tell you about what they do. Phone them and say, "... Good morning/afternoon, my name is _____ and I want to study towards a career in _____. I am trying to find out more about what the career involves on a day-to-day basis. I would really appreciate speaking to someone in this career in your company".

Before you make this call, write down the questions you need to ask, e.g., what do you do on a day-to-day basis; are there jobs available in this career; what is the earning potential; how many hours do you work a week? etc. Remember to thank the person for their time!

You could also phone the institution you are thinking of studying through and ask to speak to their career counsellor. Many institutions have one of these and the service is free of charge. Or you could speak to the Admissions Office for details about the content of programmes. See contact details on pages 218 to 229.

After you have followed the steps above, rate your knowledge of careers.

① ② ③ ④ ⑤ ⑥ ⑦ ⑧ ⑨ ⑩

Wow! Your career knowledge has grown! Well done.

6.1. FIND OUT WHAT YOU'RE GOOD AT

You are well on your way to being ready to make a good career choice if you can tick these 12 statements:

- I am taking responsibility for my career choices and have done a lot of research into my future career.
- I know what career directions interest me.
- I know if I'd like to work with people or on my own.
- My career interests now stay the same and don't change much from day to day.
- I know what I am good at and what I am not good at doing.
- I know what school subjects and marks I need in order to apply for the career courses I'm interested in.
- I feel that I am being realistic about my future career options and that I will be using my skills and talents.
- I know that when I work in my chosen career it will be important to feel satisfied with the work.
- Other people are not making these decisions for me.
- I am planning to stick to my chosen study path not to 'just try it out' and figure something out later if it doesn't suit me.
- I have spoken to people who are in the job I am thinking about and I know what the average work day, salary and responsibilities for this job are.
- I know how to use the Programme Choice List and make my application to the CAO.

Congratulations on working through these steps towards making a good career decision! By now you probably feel a lot more confident in your ability to make a good career choice. Read on for a few more tips!

Paying for your studies

How you will finance your studies is also a very important thing to think about when making your career choice. There are different ways of doing this:

Loans – Most funding is in the form of a loan and loans need to be paid back to the institution you are borrowing from.

Bursaries – These are grants or monetary aid given to needy students or students who show good potential. These don't need to be paid back but you may need to work for the company who gave you the bursary for a few years. The Bursary Register is a booklet published every year that lists available bursaries. Tel: 011 672 6559; Email: rlevin@mweb.co.za.

A copy is usually available at the institution or on their financial aid web pages. A copy is also available at our office.

How can you find out more about loans and bursaries?

- Tertiary education institutions, except private colleges, have Financial Aid Offices that assist students with finance (see pages 218 to 229 for contact details).
- Web: www.nsfas.org.za. A National Student Financial Aid Scheme (NSFAS) study loan or bursary is for students who do not have the financial means to fund their studies. NSFAS loans and bursaries are for studies at public universities and TVET colleges and don't require parents or guardians to give surety. Tel: 0860 067 327; email: info@nsfas.org.za; postal address: Private Bag X1, Plumstead, 7801, South Africa.

BURSARY OPPORTUNITIES FOR ONE OF FOUR BURSARIES RANGING FROM R10 000 TO R20 000 EACH

Apply early to our partnering further and higher education institutions listed in this Handbook and you will be automatically entered into the monthly draw!

All qualifying* applicants will be entered into this draw

2020 BURSARY BENEFICIARIES

Mbali Snehlanhla Ndlovu

Beneficiary of R 20 000 Bursary
Studying ND Journalism at Durban University of Technology

Siyabonga Dlamini

Beneficiary of R 15 000 Bursary
Studying B Applied Science in Textile at Durban University of Technology

Lethokuhle Ntombizakithi Msezane

Beneficiary of R12 000 Bursary
Studying B Education at University of Zululand

Pamela Dlamini

Beneficiary of R10 000 Bursary
Studying Diploma in Journalism Studies at Rosebank College

1 x R20 000
if you apply by 31 May 2021

1 x R15 000
if you apply by 30 June 2021

1 x R12 000
if you apply by 31 August 2021

1 x R10 000
if you apply by 30 September 2021

*Your completed application form and administration fee must reach the CAO on or before the end of the months indicated.

Terms and conditions apply.

**TRANSFORMING
POST-SCHOOL ACCESS**

THE DRAW FOR ALL FOUR BURSARIES TAKES PLACE DURING NOVEMBER 2021

6.1. FIND OUT WHAT YOU'RE GOOD AT

- www.hcifoundation.co.za. HCI's bursary programme provides financial assistance to academically deserving and financially needy students in any field of study, for a first, full-time qualification at a university or university of technology registered with the Department of Education.
- www.pacecareers.com. Pace Careers' website includes, among other useful information, a list of available bursaries: www.gostudy.net/bursaries

Distance learning or part-time study options can be cheaper and allow you to earn while you learn. Some of these study options are listed in pink in this booklet, but most require you to apply directly to the institution.

Contact the relevant tertiary institution (see pages 218 to 229) for approximate costs and then fill in the following 'study budget calculator' to decide whether you can afford your course of study.

STUDY BUDGET CALCULATOR

Tuition fees (contact institutions for details)

R

Residence (if you won't be able to live at home or with relatives)

R

Food (unless you will be living at home)

R

Travel (daily travel to campus, travel at the beginning and end of term)

R

Books and equipment

R

Personal expenses (clothes, toiletries, medical bills, entertainment, etc.)

R

Total cost of one year

R

Multiply the total cost for one year by the number of years that the programme lasts:

Total cost (one year) R x no. of years = total cost of programme

6.2. Career Personalities Quiz

Do this self-assessment quiz as a guide for yourself as to what your working personality might be, and what types of careers and programmes of study might suit you. Answer the questions as honestly as you can. It is not a test and there are no wrong answers. For each pair of questions, choose the one that best describes you, and circle the letter of your choice, like this:

EXAMPLE

(A) Do you prefer mealie meal for breakfast? OR (B) Do you prefer bread for breakfast?

▼ START HERE

- (A)** Do you think you are a more 'hands on' practical person? OR **(B)** Do you think you are more of an ideas person?
- (A)** Do you like to work with facts that you know are true, and to arrive at definite answers? OR **(B)** Do you like to deal with ideas and problems where there is no one clear factual answer?
- (A)** Do you like to be given clear instructions before you start a task? OR **(B)** Do you like to be given the task, and then work out your own way of doing it?
- (A)** Do you like to do tasks where it is important to be accurate? OR **(B)** Do you like to do tasks where you have to use creative thinking to solve a problem?
- (A)** Do you like to solve problems and to approach your work in a step-by-step way? OR **(B)** Do you like to rely on clever ideas and moments of inspiration?

Now total up your **As** and **Bs** for the five questions.

A =

B =

C =

D =

Now answer the following questions:

- (C)** Do you usually make decisions to get the right end result? OR **(D)** Do you usually make decisions to make other people happy?
- (C)** Is it more important to be fair in your dealings with people? OR **(D)** Is it more important to be caring in your dealings with people?
- (C)** Is it more important to try to solve a person's problem? OR **(D)** Is it more important to comfort the person who has a problem?
- (C)** Would you prefer to work where you have to think clearly? OR **(D)** Would you prefer to work where you look after people and their needs?
- (C)** Is it more important to work in a place where you will get a lot of work done? OR **(D)** Is it more important to work in a place where people get along well together?

Now total up your **Cs** and **Ds** for the five questions.

The purpose of this page is to lead you to the animal symbol that you can use as a guide when you are choosing a career direction and programmes of study. On pages 182 and 183 you will find a list of the animal symbols and career opportunities that are suited to those working personalities.

Fill in your scores here:

A =

B =

C =

D =

If you scored more **As** and more **Cs**, this suggests that you are an '**Ant person**'.

If you scored more **As** and more **Ds**, this suggests that you are a '**Bee person**'.

If you scored more **Bs** and more **Cs**, this suggests that you are an '**Eagle person**'.

If you scored more **Bs** and more **Ds**, this suggests that you are a '**Honeyguide person**'.

The purpose of this page is to help you to find out if you are more ORGANISED or more FLEXIBLE. The information might help you when you come to choose a career direction and programmes of study. Each working personality type can be either more organised or more flexible.

Answer the following questions to find out if you are more organised or more flexible:

- 1 (E) Do you prefer to have one clear focus in your work? OR (F) Do you prefer to have a variety of things on the go?
- 2 (E) Do you prefer to work according to a set plan? OR (F) Do you prefer to respond to things as they come up?
- 3 (E) Do you like to make decisions that are final? OR (F) Do you like to make decisions that can be changed, or to avoid making decisions until the last minute?

Now total up your **Es** and **Fs** for the three questions.

E =

F =

If you got more **Es**, this would indicate that you tend to be more organised. You will probably find that you work better when there is a defined daily routine and you can make clear-cut decisions.

If you got more **Fs**, this would indicate that you tend to be more flexible. You might find that you work better in an environment that allows you to manage your own time and gather plenty of information before making a decision.

ANT (INTUTHWANE)

Ants are incredible creatures. They live in large colonies, working extremely hard for the common good. They can carry ten items their own weight and build huge structures.

Some people, like ants, are very helpful to others and do practical things to keep society organised and running smoothly. Ant people are often good administrators, and can organise an office, a social function or a business well. Whether working with facts or figures or helping others, Ant people are usually fair and objective. Justice is important to them.

Ant people are very good at working with detailed, factual information, and remembering facts. They follow directions well when doing complicated work.

CAUTION: There are exceptions, but most Ant people may not be comfortable in the following careers:

- Performing Arts • Communication/ Journalism • Psychology

They can be objective and logical. Ant people play an important role in holding society together through good and bad times.

Statistics show that Ant people often succeed at these careers. However, with enough interest and determination, you could probably succeed at almost anything.

Visual Arts and Design178

BEE (INYOSI)

Bees work hard to gather pollen to make honey, and they care for their queen and their babies.

Unlike bees, Bee people do not often sting! They are warm, friendly people, who like to be of service to others. They care about people's feelings and they like harmony in relationships. Although they may be either shy or outgoing, their focus on the practical needs of others is central to their character.

Bee people are practical, and they like to approach tasks in a step-by-step way. They are often found organising social and community events. In their approach to the world, Bee people may be matter-of-fact, and when making decisions, they are likely to take into account how others will be affected by the outcome.

Statistics show that Bee people often succeed at these careers. However, with enough interest and determination, you could probably succeed at almost anything.

EAGLE (UKHOZI)

Eagles perch in high trees and can see far into the distance. This enables them to plan effectively. They are quick to swoop down on their prey.

Eagle people focus on the whole picture rather than the details, and they value their 'hunches' or gut feelings. They are good at working with complicated ideas. They tend to work in bursts of energy and to do things their own way. When dealing with people or groups of people, they may have deep understanding and insight into their situations. They usually prefer to make decisions using their heads rather than their hearts, as they value justice and fairness.

Eagle people are also excited by possibilities, by how things could be done differently and better.

Statistics show that Eagle people often succeed at these careers. However, with enough interest and determination, you could probably succeed at almost anything.

HONEYGUIDE (INHLAVA)

Honeyguides are different from other creatures – they communicate with people and animals, leading them to the bees' nest so that they can get honey. They make sure that the route they show them is safe and one that they can follow.

Honeyguide people are warm and enthusiastic, value their 'hunches' and gut feelings and are ruled more by their hearts than their heads. They are good at communicating with others, and they often want to save those who are in trouble. Honeyguide people like to live their lives according to the things that are important to them. Although they are usually gentle, they get angry when others do not respect what is important to them. For this reason, Honeyguide people often find themselves in situations where they are defending causes,

organising people or involved in communication.

Statistics show that Honeyguide people often succeed at these careers. However, with enough interest and determination, you could probably succeed at almost anything.

CAUTION: There are exceptions, but most Honeyguide people may not be comfortable in the following careers: • Administration & Management • Accounting/Financial Management • Manufacturing • Construction/Surveying. **REMEMBER:** Honeyguide people will not be happy if they do not believe in what they are doing.

6.3. Relating Learning Fields to Careers

HUMANITIES AND SOCIAL SCIENCES

Learning Fields	Most Common Undergraduate Qualifications	Possible Career Directions
LANGUAGES	Bachelor of Arts	Journalism, television, creative writing, advertising, translation, copywriting, broadcasting, library and information management, publishing, media and communications
HUMAN AND SOCIAL STUDIES	Bachelor of Social Science Bachelor of Law A range of diplomas, e.g. National Diploma in Human Resource Management	Law, human resources, labour relations, history, sociology, psychology, social work, archaeology, geography, environmental management, cartography, management, marketing, theology, politics, public and international relations, museums, public administration
ARTS AND CULTURE	Bachelor of Music, Visual Art, Drama Studies, Fine Arts A range of diplomas, e.g. National Diploma in Jewellery Design and Manufacturing, National Diploma in Drama, National Diploma in Photography	Painting, sculpture, music, theatre, acting, dance, performing arts technology, photography, graphic art, design, film and television production, computer graphics and animation
SERVICES	A range of diplomas, e.g. National Diploma in Tourism Management, National Diploma in Hospitality Management	Travel, tourism, leisure, catering, community services, hotel and restaurant services, real estate, crime prevention, game ranging

Universities South Africa (USAf) discontinued the NiSHE project in 2016. Learners in need of career advice are advised to visit the Department of Higher Education, Science and Technology career development (Khetha) site for information www.careerhelp.org.za

SCIENCES AND APPLIED SCIENCES

Learning Fields	Most Common Undergraduate Qualifications	Possible Career Directions
BUSINESS, COMMERCE AND MANAGEMENT STUDIES	Bachelor of Commerce A range of diplomas, e.g. National Diploma in Financial Management	Accountancy, taxation, insurance, auditing, financial planning, actuarial science, information systems, banking, business, imports and exports, marketing and sales, office management and technology, administration, organisational psychology, commercial law
AGRI-CULTURAL SCIENCE	Bachelor of Agriculture A range of diplomas, e.g. National Diploma in Agricultural Management	Agricultural management and extension, farming, animal husbandry, crop production, nature conservation, forestry, environmental management, horticulture
ENGINEERING AND TECHNOLOGY	Bachelor of Science in Engineering A range of diplomas, e.g. National Diploma in Engineering	Engineering (e.g. civil, mechanical, electrical, industrial, electronic, metallurgical), manufacturing technology (e.g. textile, pulp and paper, food), mining, telecommunications, computer engineering and programming, transport and logistics, geographic information systems, information and data management, urban and regional planning, surveying, architecture, construction
PHYSICAL, MATHEMATICAL, COMPUTER AND LIFE SCIENCES	Bachelor of Medicine and Bachelor of Surgery, Bachelor of Pharmacy, Bachelor of Dental Science, Bachelor of Nursing, a range of diplomas, e.g. National Diploma in Biotechnology	Health professions related to wide fields of medicine, psychiatry, dentistry, veterinary science, pharmacy, nursing and health and rehabilitation sciences, e.g. physiotherapy, radiography, occupational therapy, audiology, dietetics and nutrition, primary healthcare, community health, maternal and child health, forensic science, speech therapy, chiropractic, homeopathy, healthcare technology, occupational health, palliative medicine, sports medicine, emergency medical care
	Bachelor of Science, Bachelor of Architectural Studies (this degree straddles the humanities and the sciences. It requires strong performance in Mathematics and Visual Arts.) A range of diplomas, e.g. National Diploma in Information Technology	Various science and computer science related fields, e.g. archaeology, astronomy, bioinformatics, biotechnology, botany, zoology, chemistry, physics, demography, ecology, geology, hydrology, information technology, statistics, soil science, environmental science, marine biology, ocean and atmosphere science, biochemistry, biotechnology, human biosciences, microbiology, entomology, ichthyology

6.4. Qualification Types

DEGREE	Degree study develops the ability to work with ideas, to think in terms of systems, to experiment and to communicate	Study at a university and some programmes at private colleges lead to a degree	Some degree programmes prepare graduates for the workplace, but graduates in most disciplines will require on-the-job training to equip them for their future careers	A growing focus on inter-disciplinary studies and programmes helps students to develop the flexibility to respond to the challenges they will face
DIPLOMA	Diploma study is vocation-based (trade-based), and develops career-oriented skills and practical knowledge	Initial study at a university of technology or some courses at comprehensive universities and private colleges can lead to a diploma	Diploma programmes train high-level person power – people who are ready to start work on completion of their studies	The institutions work hard to maintain close partnerships with commerce and industry, ensuring that they are sensitive to the needs of the communities they serve. They strive to establish research programmes so that they will be able to provide technological leadership
CERTIFICATE	Skills-based education for people who may not have completed Grade 12 or may not qualify for diploma study	It concentrates on developing trained, skilled and qualified employees by placing a strong emphasis on hands-on training	These courses are offered at some universities of technology, technical vocational education and training (TVET) colleges and private colleges	A practical component is part of all courses, often in a real workplace situation
NC(V)	Skills-based education for people who may not have completed Grade 12 or may not qualify for diploma study	It concentrates on developing trained, skilled and qualified employees by placing a strong emphasis on hands-on training	These courses are offered at TVET colleges and private colleges	Vocational study helps students to develop marketable skills in their chosen vocational field. An accelerated NC(V) course, taking 18 months, will be available soon for students who have completed the NSC or Senior Certificate
POSTGRADUATE	Postgraduate study is for applicants who have already studied at a higher education institution and have a degree or a diploma	If you do not have a qualification, you must apply for either a degree or a diploma		

Teaching staff are actively involved in research; some are world experts in their fields	Instruction is theoretical and classroom- or laboratory-based. Students learn how to learn and evaluate	Most degree programmes last three or more years. Institutions may grant credits towards degrees for relevant courses passed at other recognised institutions	
Students are instructed through a combination of theoretical study and practical experience, in many cases in an appropriate work situation. Students learn how to apply their knowledge in real-life situations	The diploma is awarded on successful completion of the third year, and those who wish to pursue their studies further can usually register for a Bachelor of Technology, which requires a further one year full-time or two years part-time study		
Students who complete a certificate programme may be considered for admission to diploma study in related fields at universities of technology or can continue with advanced study at a TVET or private college	The DHET TVET Colleges Bursary Fund provides financial assistance to deserving and motivated students who cannot otherwise afford to study		
The NC(V) is offered in fields of study ranging from Tourism to Education & Development and from Safety in Society to Management	The NC(V) covers three years of study, and a certificate is awarded after each year. A practical component is part of all courses, often in a real workplace situation	Students who complete an NC(V) or N4 may be considered for admission to diploma study in related fields at universities of technology or can continue with advanced study at a TVET or private college	The DHET TVET Colleges Bursary Fund provides financial assistance to deserving and motivated students who cannot otherwise afford to study

6.5. Applicants with Disabilities

The South African Constitution recognises the human rights of all South Africans, including those with disabilities. Discrimination on the basis of disability is against the law and persons with disabilities are included in the category of previously disadvantaged in terms of the country's transformation agenda. Persons with disabilities, therefore, need to be given equal opportunities to access post-school education and training so that they too may achieve their full potential. According to Article 1 of the United Nations Convention on the Rights of Persons with Disabilities (2007), "Persons with disabilities include those who have long-term physical, mental, intellectual or sensory impairments which in interaction with various barriers may hinder their full and effective participation in society on an equal basis with others." The South African White Paper on the Rights of Persons with Disabilities (2015) reiterates the rights of persons with disabilities, including the right to access education at all levels.

School-leavers with disabilities are encouraged to contact organisations of persons with disabilities, the disability rights unit or student support services department of the institution at which they wish to study if they have any queries about access to studies. School-leavers with disabilities are also encouraged to inform the institution's disability rights unit or student support department about their access needs prior to beginning their studies so that the necessary reasonable accommodation can be arranged. It is hoped that we will see increasing numbers of students with disabilities at all post-school education institutions – it is your right to access education!

Notes

BURSARY OPPORTUNITIES FOR ONE OF FOUR BURSARIES RANGING FROM R10 000 TO R20 000 EACH

Apply early to our partnering further and higher education institutions listed in this Handbook and you will be automatically entered into the monthly draw!

All qualifying* applicants will be entered into this draw

2020 BURSARY BENEFICIARIES

Mbali Snenhlanhla Ndlovu

Beneficiary of R20 000 Bursary
Studying ND Journalism at Durban University of Technology

Siyabonga Dlamini

Beneficiary of R15 000 Bursary
Studying B Applied Science in Textile at Durban University of Technology

Lethokuhle Ntombizakithi Msezane

Beneficiary of R12 000 Bursary
Studying B Education at University of Zululand

Pamela Dlamini

Beneficiary of R10 000 Bursary
Studying Diploma in Journalism Studies at Rosebank College

1 x R20 000
if you apply by 31 May 2021

1 x R15 000
if you apply by 30 June 2021

1 x R12 000
if you apply by 31 August 2021

1 x R10 000
if you apply by 30 September 2021

*Your completed application form and administration fee must reach the CAO on or before the end of the months indicated.

Terms and conditions apply.

**TRANSFORMING
POST-SCHOOL ACCESS**

THE DRAW FOR ALL FOUR BURSARIES TAKES PLACE DURING NOVEMBER 2021

100% GRADUATE EMPLOYMENT

MEET OUR SUCCESSFUL GRADUATES WHO ARE NOW EMPLOYED AND LIVING THEIR DREAM.
