### 1.2 MASALA TRADERS

The information relates to June 2022. The business receives its official bank statements on the $25^{\text {th }}$ day of each month.

REQUIRED:
1.2.1 - Complete the CRJ and CPJ on 30 June 2022.

- Calculate the correct bank balance in the ledger on 30 June 2022. Indicate whether the balance is favourable or unfavourable.
1.2.2 Prepare the Bank Reconciliation Statement on 30 June 2022.
1.2.3 See Information H: Explain why the internal auditor would be concerned (provide figures) and what action he or the owner should take.

## INFORMATION:

A. The following Bank Reconciliation Statement was prepared on 31 May 2022:

|  | DEBIT <br> $\mathbf{R}$ | CREDIT <br> $\mathbf{R}$ |
| :--- | :---: | ---: |
| Balance as per Bank Statement | 87150 |  |
| Outstanding deposit <br> (from cash sales; dated 31 May 2022) |  | 31600 |
| Outstanding EFT (no. 555) | 16850 |  |
| Correction of error |  | 22700 |
| Balance as per bank account |  | 49700 |
|  | 104000 | 104000 |

B. Provisional totals on 30 June 2022:

CRJ: R47 220
CPJ: R97 860
C. When comparing the May reconciliation statement to the June 2022 bank statement, the following was noticed:
(i) The outstanding EFT no. 555, outstanding deposit, and correction of the error of were correctly reflected on the June bank statement.
D. The following items on the June 2022 bank statement did not appear in the June Cash Journals:

- EFT received from KZN Promotions for commission earned, R36 400.
- Monthly debit order in favour of Far Call for cell-phone charges, R2 800.
- A deposit of R23000 appeared in the current account of Masala Traders on 24 June 2022. The deposit has been identified as an error made by the bank. The bank has agreed to correct the error on the July bank statement.
- Cash deposit fees, R1 250.
- Service fees, R880.
- Interest on a debit balance, R2 160
- A debit card entry to withdraw cash for wages of R11 000 was recorded on the statement.
- A debit order for R10 570 dated 24 June 2022; in favour of Vodacell for cell-phone purchases. Masala Traders did not deal with this service provider and informed the bank immediately. The bank agreed to rectify this entry on the July 2022 bank statement.

## E. Differences noticed when journals and June's bank statement were compared:

- An EFT of R15 300 was recorded in the CPJ with an incorrect beneficiary. The bank will rectify this on the next statement. Correct the error.
- Credit card sales appear on the bank statement as R32 300, but in the CRJ as R23 200. The bank statement is correct. Correct the error.
F. Items in the journals but not in the June bank statement:
- EFT no. 633 for R24 800 dated 30 June 2022 in the CPJ.
- Cash deposit of R34 620 dated 30 June 2022 for sales (CS977986's) in the CRJ.
G. The June 2022 bank statement reflected a balance of R ?
H. In July 2022, the internal auditor discovered that CS977-986's actual total was R44 620. The entry in the CRJ was as follows:

| Doc | Date | Details | Analysis | Bank |
| :---: | :---: | :---: | :---: | :---: |
| CS977-986 | 30 June | Cash | R34 620 | R34620 |

4.1.1 Complete the Debtors' Collection Schedule provided in the
Answer Book.
4.1.2 Calculate the missing amounts indicated by (a)-(e) on the

## Cash Budget provided. (Information I)

4.1.3 To improve sales during the extended COVID-19 period,
Claudio decided to introduce online sales as a temporary
measure from 1 August 2022. The budget was prepared before
he made this decision. Online sales would require payments by
credit card or EFT, and free deliveries would continue.

- Refer to Information G

Comment on how the online sales have affected the actual cash and credit sales in August. Quote figures or calculations.

- Refer to Information H.

Identify TWO other costs already in the budget that were affected by the decision to go online and explain whether they were well controlled or not. Quote figures or calculations.

- Provide ONE point that he should consider to manage online sales as a permanent feature.

### 4.1.4 - Refer to Information F.

- Calculate the cost price of the new delivery vehicle.
- List TWO other costs related to the vehicle that Claudio will have to include in the budget. Figures are not required.

## INFORMATION:

A. Budgeted sales and collection from debtors: (before the decision to introduce online sales)

| TOTAL | JULY | AUGUST | SEPTEMBER | OCTOBER |
| :--- | :---: | :---: | :---: | :---: |
| SALES | R210 000 | R219 000 | R222 000 | R228 000 |

- $40 \%$ of the total sales are for cash.
- Credit sales are collected as follows:
- $40 \%$ in the month of sale.
- $55 \%$ in the first month following the sale
- $5 \%$ in the second month following the sale

The balance is written-off in the third month following the month of the sale.
B. Purchases of stock and payments to creditors

- Goods are sold at a mark-up of $50 \%$ on cost.
- A fixed-based stock level is maintained by replacing stock sold on a monthly basis.
- $70 \%$ of the total purchases are on credit.
- Creditors are paid in the month following the month of purchase to take advantage of the $4 \%$ discount.
C. Salaries and wages are expected to increase by $7 \%$ p.a. effective from 1 October 2022.
D. Insurance preimums paid at the end of each month will increase by 9\% p.a. from 1 October 2022.
E. The business will acquire a loan from XY Bank on 1 September 2022. A fixed monthly payment and interest at $12,5 \%$ p.a. is payable at the end of each month. Interest is not capitalized.

## F. Details relating to the proposed purchase of a new delivery vehicle:

Deliveries had been outsourced to Quick-Move Deliveries up to July 2022, but Claudio's father has offered to support his business by buying a delivery vehicle for him from 1 August 2022. Claudio agreed to repay his father R7 500 per month over 48 months to cover the monthly repayments. Claudio would, however, also pay the initial $20 \%$ deposit on the vehicle. It was an interest free loan.
G. Budgeted and actual amounts for August 2022:

## PREPARATORY EXAMINATION

SEPTEMBER 2022

MARKS: 150

## MARKING PRINCIPLES:

1. Unless otherwise stated in the marking guidelines, penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item (no penalty for misplaced item). No double penalty applied.
2. Penalties for placement or poor presentation (e.g. details) are applied only if the candidate is earning marks on the figures for that item.
3. Unless otherwise stated, give full marks for correct answer. If answer incorrect, mark workings.
4. If a pre-adjustment figure is shown as a final figure, allocate the part-mark for the working for that figure (not the method mark for the answer). Note: if figures are stipulated in memo for components of workings, these do not carry the method mark for final answer as well.
5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or - sign or bracket is provided, assume that the figure is positive.
6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
7. If candidates provide more that the required number of responses, inspect all responses to give benefit to the candidate. Penalties may be applied for foreign entries if earning full marks not related to Q (max -2 per Q).
8. This memorandum is not for public distribution; as certain items might imply incorrect treatment. The adjustments made are due to nuances in certain questions.
9. Where penalties are applied, the marks for that section of the question cannot be a final negative.
10. Where method marks are awarded for operation, marker must inspect reasonableness of answer.
11. Operation means 'check operation'. 'One part correct' means operation and one part correct. Note: check operation must be $+,-, x, \div$, or per memo.
12. In calculations, do not award marks for workings if numerator \& denominator are swapped - this also applies to ratios.
13. In awarding method marks, ensure that candidates do not get full marks for any item that is incorrect at least in part. Indicate with a 8.
14. Be aware of candidates who provide valid alternatives beyond the marking guideline. Note that one comment could contain different aspects.
15. Codes: $f=$ foreign item; $p=$ placement/presentation.

These marking guidelines consist of 12 pages.

2．2．3 Helen was concerned about the increase in the fixed cost per unit of luggage bags．What would you say to her？Provide ONE point and quote figures to support your answer．

Valid comment explaining economies of scale／Economy of scale 7

Production decreased by 800 units (40\%), but fixed costs are not influenced by the level of production, would remain almost constant, divided by a smaller number of units, will be much higher per unit.
2.2.4 Helen feels that she can improve the sales of luggage bags. Provide TWO suggestions on how this can be achieved.

TWO valid suggestions 니 른

- She could decrease the mark-up \% (or selling price)
- She can set targets for completion during normal time and try to reduce overtime pay
- She can spend more money on advertising and sales promotion and explore new target markets
- Team up with tour/holiday companies - to provide luggage bags
2.2.5 Assume that costs and workers' efficiency will remain unchanged in 2022. If production and sales of luggage bags increased by 500 units, calculate how much additional profit she can expect.

One valid point for pricing $\quad$ One valid point for orders $\square$

- Must keep more stock because orders are more than nett sales.
- Leo should increase the price just below the R1 200 of the competitor.
- Leo should increase MU\%; Any \% between 10\% to 20\%.
